

Yes. Please enroll me the in the **Home Performance Rebate** program so I can be eligible for home improvement rebates. I understand that **\$35** for the standard Home Energy Audit will be charged directly to my Xcel Energy bill upon enrollment in the program. When I complete the program requirements within six months, I will receive a check for any earned rebates.

1 Your Xcel Energy Account Number -

Name _____

Address _____

City _____ State _____ Zip _____

Day Phone (____) _____ best time to call _____

Evening Phone (____) _____ best time to call _____

Complete the information below and mail it in the enclosed envelope to:

**Xcel Energy
Rebate Operations
PO Box 829
Minneapolis, MN 55440-0829**

I understand that the program requires that I install:

- Attic insulation - add R19 to a minimum of R38 and seal air bypasses
- Air sealing and weatherization of doors and windows
- 20 quantity – compact fluorescent lights

Water heater - tankless	85% EF	\$100	<input type="checkbox"/>
Water heater - power vented	62% EF	\$40	<input type="checkbox"/>

Program Participation Costs and Details
 To begin the program, call to schedule a home energy audit. The cost for the standard audit is \$35. The audit is required prior to starting the improvements. The charge will appear on your Xcel Energy bill. The audit takes about two hours and is scheduled at a time convenient for you. Historical information about the energy usage of your home is provided to the auditor to help facilitate the audit. Xcel Energy will provide you with a list for contractors certified in the program. Xcel Energy does not guarantee the contractors' expertise or reputation; does not warrant any of the products or services installed; or promote the use of one contractor over the other. Xcel Energy shall have no liability for contractors' work or negligence. To complete the program and be eligible for the rebates you must agree to implement five improvements; three mandatory and two optional. When the improvements are made within six months and verified by the auditor, you will receive any rebates earned. Participants must be an Xcel Energy Minnesota gas and electric customer. Certain restrictions may apply. Participation is limited.

Home Performance Rebate Work Plan

Please have receipts for all work done available for the auditor to collect model and serial numbers.
