

Rebate Details

Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility.

Application Details

Qualifying boiler and ECM equipment must be purchased and installed between May 1, 2014, and April 30, 2015. Qualifying 95% AFUE or higher furnaces must be purchased and installed between June 6, 2014, and April 30, 2015. More information is available at xcelenergy.com/rebates. Rebate application must be postmarked by July 31, 2015.

Applications must include complete contractor or retailer information and information about the equipment including: size or capacity, make, model number, serial number and efficiency rating.

No phone calls will be accepted to provide verification of this information.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a returned application.

Xcel Energy reserves the right to refuse payment and participation if the account holder or contractor violates program rules and procedures. Xcel Energy is not liable for rebates promised to account holder as a result of a contractor misrepresenting the program. Xcel Energy does not expressly or implicitly warrant the performance of installed equipment (contact your contractor for detailed equipment warranties).

All information on the receipt or invoice must precisely match the information on the rebate application or the application will not be processed.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may also be performed after rebate payment at Xcel Energy's discretion.

Limitations

Rebate qualifications and amounts are subject to change anytime. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/HomeRebates or call 1-800-895-4999 to determine whether any program changes have occurred.

Special Promotions

During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Xcel Energy will not pay special promotion incentive dollars in the event that a form is lost or not postmarked by the deadline. No exceptions. Promotional rebate amounts will be automatically calculated by Xcel Energy. Promotion deadlines close at midnight on the date the application is due, with no exceptions.

Help With Forms

If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

If you have questions while filling out this form, please contact your contractor or retailer for assistance. Please allow at least six weeks for your rebate to arrive.

Qualifying Account Holders

Xcel Energy natural gas residential account holders are eligible for qualifying, high-efficiency furnace rebates.

Xcel Energy electric use residential account holders are eligible for the ECM (Electronically Commutated Motor) rebate when buying a new furnace that includes the ECM.

Account holder equipment must be purchased from and installed by a contractor who is currently registered with Xcel Energy's Heating Rebate program and has a current NATE certified technician on staff.

No refurbished or after market equipment qualifies.

Rebates for new home construction should be negotiated between the builder and resident or new home buyer to determine who receives the rebate.

Participants understand they are not eligible to receive additional rebates for this improvement through a different Xcel Energy Rebate program.

Qualifying Equipment

COLORADO 2014 Heating System Rebates for existing home equipment replacement or new construction installation		
EQUIPMENT	AFUE	2014 REBATE
Furnace	95%	\$120
Boiler	85%	\$100
ECM Motor		\$100

Customers may receive both a furnace and an ECM rebate.

Efficiency ratings are determined by the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). **Only equipment listed on the AHRI site (ahridirectory.org—residential section only) is eligible for rebate.** Submitting an AHRI certificate with your application and invoice is highly recommended. The AHRI list of qualifying equipment changes frequently. AHRI certificates that are printed and sent in with the rebate application will be honored even if the equipment is no longer listed on the website list. If more than one unit is installed an address, one rebate form per unit is required to receive a rebate for each unit.

Electronically Commutated Motors (ECM) Rebate

Forced-air furnaces with ECMs will be validated via Original Equipment Manufacturer (OEM) specification sheets or OEM websites. Submitting an OEM spec sheet with this application is encouraged. Customers who purchase non-qualifying furnaces may still receive a rebate for a new furnace that includes a factory installed ECM.

Note: Local, state or federal tax credits or rebates may also be available for energy-efficient home improvements. Ask your tax advisor or visit energystar.gov.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.

Send to Xcel Energy (and keep a copy):

1. **Your purchase receipt/invoice, with these details:**

Contractor-Installed

- | | |
|--|---|
| <input type="checkbox"/> Install/purchase date | <input type="checkbox"/> Model number |
| <input type="checkbox"/> Account holder name | <input type="checkbox"/> Serial number |
| <input type="checkbox"/> Installation address | <input type="checkbox"/> Size or capacity |
| <input type="checkbox"/> Manufacturer | <input type="checkbox"/> Efficiency level |

2. **This rebate form, completely filled out**

Contractors keep a copy of the application form and invoice.

3. **AHRI certification (optional but highly recommended)**

4. **Manufacturer spec sheet showing ECM (optional but highly recommended)**
