I hereby certify that all information is accurate, including claims of efficiency, size and account holder information.

Contractor signature (Leave blank if self-installed) _____ Date _____

For Rebate Operations use only. Do not write in this area.

Letter sent by: _____ Rebate amount: _____

Date purchased: _____

Completed by _____ Date installed: _____

Rebate details

Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility.

Application details

Account holder applications must be postmarked no later than July 31 of the year following the purchase date of qualifying equipment.

No phone calls will be accepted to provide equipment verification.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a returned application.

Xcel Energy reserves the right to refuse payment and participation if the customer or contractor violates program rules and procedures. Xcel Energy is not liable for rebate promised to customer as a result of a contractor misrepresenting the program. Xcel Energy does not expressly or implicitly warrant the performance of installed equipment (contact your contractor for detailed equipment warranties).

All information on the receipt or invoice must match the information on the rebate application or the application will not be processed.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may also be performed after rebate payment at Xcel Energy's discretion.

Special promotions

During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Xcel Energy will not pay special promotion incentive dollars in the event that a form is lost or not postmarked by the deadline, with no exceptions. Promotional rebate amounts will be calculated automatically by Xcel Energy. Promotion deadlines close at midnight on the date the application is due, with no exceptions.

Help with forms

If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

If you have questions while filling out this form, please contact your contractor or retailer for assistance. Please allow at least six weeks for your rebate to arrive. Rebates for equipment in new homes may take longer than six weeks to process.

Qualifying account holders

Xcel Energy electric residential account holders in Minnesota are eligible for rebates when buying new, qualifying, high-efficiency, ground source heat pumps (reconditioned equipment is not eligible). Property owners or landlords who have set up a landlord/owner agreement with Xcel Energy may sign for and receive rebates for installed equipment.

If more than one unit is installed at an address, one application per unit is required to receive a rebate for each unit. Participants understand they are not eligible to receive additional rebates for this improvement through a different Xcel Energy rebate program.

Minnesota	
Efficiency rating	Rebate
ENERGY STAR®-qualified, closed loop systems with a minimum 14.1 EER rating; replacing natural gas furnace or boiler	\$400 per ton (5 ton limit)
ENERGY STAR®-qualified, closed loop systems with a minimum 14.1 EER rating; replacing electric resistance heating	\$500 per ton (5 ton limit)

Limitations

Rebate qualifications and amounts are subject to change any time. Our rebate programs may be cancelled with 30 days notice. Program modifications can occur at any time.

Please visit us at xcelenergy.com/HomeRebates or call 800-895-4999 to determine whether any program changes have occurred.

Qualifying equipment

Only ENERGY STAR-qualified, closed-loop ground source heat pumps, with a minimum 14.1 EER rating, can earn a rebate. The unit must include an air cooling application. No pond installations or "pump and dumps". While heat pumps do provide both heating and cooling relief, they are not eligible for other Xcel Energy rebate programs.

Verify the equipment is ENERGY STAR qualified by visiting energystar.gov or by calling 888-STAR-YES (888-782-7937).

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.	
Send to Xcel Energy (and keep a copy):	
1. Your purchase receipt/invoice, with these details:	
<input type="checkbox"/> Account holder name	<input type="checkbox"/> Tons
<input type="checkbox"/> Installation address	<input type="checkbox"/> Serial number
<input type="checkbox"/> Brand	<input type="checkbox"/> Invoice date
<input type="checkbox"/> Model number	<input type="checkbox"/> EER rating
2. This rebate form, completely filled out	
<i>Contractors keep a copy of the application form and invoice.</i>
