It can give you dollars, too. Lots of them.

Get more back from your purchase of a new energy-efficient natural gas furnace or boiler when you take advantage of rebates from Xcel Energy. These high efficiency units will save you money every year over the life of the furnace. The one-time rebates will help reduce the cost of buying your energy efficient unit and help save our natural resources.

Save on Operating Costs

Every year, with an energy efficient unit, you'll save on the cost to heat your home. For example, your estimated savings in annual operating costs add up to real dollars when you buy a new furnace with an AFUE rating of 90 percent or higher.

Save with Rebates

Our one-time rebates will help you save on the initial cost of your energy efficient furnace or boiler. Ask your heating contractor for a high efficiency unit. Use the chart below to determine the rebate amount.

Minn. Natural Gas Furnace/Boiler Rebates or Incentives				
			Existing Homes	New Homes
Natural Gas Furnace	90%	AFUE	\$100	n/a
Natural Gas Furnace	92%	AFUE	\$175	\$25
Natural Gas Furnace	94%	AFUE	\$225	\$50
Natural Gas Furnace	96%	AFUE	\$250	\$125
Natural Gas Boiler	84%	AFUE	\$100	\$100

Follow Four Easy Steps To Get Your Rebate

Select a new, qualifying furnace or boiler from an HVAC contractor in your area.

Secure the correct rebate application by:

- Asking your HVAC contractor for it
- Download from [xcelenergy.com/homerebates](https://www.xcelenergy.com/homerebates)
- Calling **1-800-895-4999** and requesting that we mail it to you

Have your HVAC contractor help you complete the rebate application and make sure that both you and your salesperson sign it.

Staple the original dated sales invoice to the completed rebate application and mail both documents to the address indicated on the application. For more specific details, read the back of the Xcel Energy rebate application.

Other ways to save money

Every year, with additional energy efficient measures, you'll save on the cost to heat your home. Here are other programs Xcel Energy offers that will keep your house toasty and your wallet full. See [xcelenergy.com/homerebates](https://www.xcelenergy.com/homerebates) for additional information about these programs:

- Home Energy Audits
- Water Heater Rebates
- Insulation Rebates

See the back of your Xcel Energy rebate application for all qualifying details. Certain restrictions apply and rebate levels are subject to change. Allow approximately six weeks for your rebate to arrive.
