

NEW MEXICO EVAPORATIVE COOLING PROGRAM QUALIFIED EQUIPMENT LIST

Below is the list of evaporative cooling equipment systems that are eligible for a rebate from Xcel Energy's Evaporative Cooling Rebate Program. **We will only rebate according to the current approved list for the purchase and permanent installation of new equipment.** Mobile cooling units, or those installed using caster/wheel leggings will not qualify. Please contact us if you know of any qualifying equipment that should be added to our list. These lists are subject to change at any time.

PREMIUM SYSTEMS

To qualify for a Premium System rebate, equipment must be new and have a media saturation effectiveness of 85% or higher, with remote thermostat control and periodic purge water control.
