How to Apply for a Rebate

1. Fill out the rebate application.
2. Mail or fax a completed and signed rebate form, and paid study invoice to your Xcel Energy account manager or Energy-Efficiency Specialist.
3. Final rebate amount will be determined by Xcel Energy after the rebate form and paid invoice are received from the customer.

Terms and Conditions

- Rebate is available to Xcel Energy business customers in Minnesota and Colorado.
- Rebate is only available if Xcel Energy has preapproved the study application prior to completing the study and has approved final study.
- Rebate will not be paid until after the study provider presents the study to customer.
- Study must be performed according to the Study Workscope Section of the Study preapproval application.
- Xcel Energy makes no warranties regarding the Study. All such warranties are between the study provider and the customer. Rebate qualification does not imply any representation or warranty of the Study by Xcel Energy.
- Rebate must be applied for within three (3) months of study presentation.
- Xcel Energy reserves the right to accept or reject any application, study or portion thereof.
- Actual rebate amounts subject to review by Xcel Energy.
- Xcel Energy's conservation rebate programs are subject to 60 days' notice of cancellation. The customer is responsible for checking with the our Energy-Efficiency Specialists at 1-800-481-4700 to ask whether or not the program is still in effect and to verify program parameters.
- Xcel Energy reserves the right to conduct inspections of installation and/or make a reasonable number of follow-up visits to Customers' facility to verify savings estimates and/or measure implementation.
