QUICK WAYS TO SAVE

If you're looking for easy and affordable ways to start saving energy and money, here are some programs we offer that might benefit your home.

Water-saving products

Instant rebates are available on water-saving products.

Save up to $35 per year on future utility costs by purchasing an easy to install energy-efficient showerhead or aerator. Instant rebates are available at the Xcel Energy store, and will be applied at the time of purchase.

Visit **xcelenergystore.com** to purchase your water-saving product.

Home lighting

See LEDs in a new wallet-friendly light.

ENERGY STAR LEDs can save you about $55 in electricity costs over their lifetime and last at least 12 years. Discounts available on select bulbs through participating retailers, or through the Xcel Energy store.

Find discounts near you at **xcelenergy.com/LightingDeals**.

Home Energy Squad

Get your visit for just $50—a $200 value.

For a $50 fee, certified technicians will deliver and install energy-saving equipment for your home—valued at $200. LED light bulbs, a programmable thermostat, and energy-efficient showerheads are some of the many items available. Or for a $150 fee, upgrade to a **Squad Plus** visit which includes a full Home Energy Audit, a $600 total value!

Visit **xcelenergy.com/HomeEnergySquad** or call **303-446-7910** to learn more and schedule your visit.

Refrigerator and freezer recycling

Energy bill savings could exceed $50 per year.

Older refrigerators can use twice as much energy as new ENERGY STAR refrigerators. Recycle a still-functioning fridge or freezer and receive a $50 rebate. We will pick it up and recycle it responsibly for free.

You must have a qualifying refrigerator or freezer to participate.

Schedule your free in-home pickup by visiting **xcelenergy.com/Fridge** or by calling **866-552-8755**.

Xcel Energy Store

Take the guesswork out of purchasing energy-efficient products for your home by visiting the Xcel Energy Store. You can shop for items like LED bulbs, thermostats, water-saving products, and more. Be sure to check seasonally for instant rebates on heating and cooling equipment.

Visit **XcelEnergyStore.com**
to make your purchases and start saving today!

Smart Thermostats & AC Rewards

Earn an instant rebate and additional bill credits on qualifying models.

Easily manage your home's comfort based on your schedule, habits, and lifestyle. A smart thermostat provides an easy and convenient way to manage your home's heating and cooling comfort, as well as costs. Receive additional incentives if you enroll your thermostat in our AC Rewards program.

Visit **XcelEnergyStore.com** to purchase a qualifying smart thermostat and receive a $50 instant rebate!

Saver's Switch

Earn an annual $40 credit on your electric energy charges.

Get savings from your air conditioner with a free Saver's Switch. Your participation helps keep costs low when the demand for electricity is highest in the summer. Earn $40 on your October bill every year you participate.

Visit **xcelenergy.com/SaversSwitch** to learn more and enroll.

GETTING THE MOST OUT OF YOUR HOME

Looking for ways to save even more? Larger home improvements can mean big savings. The programs listed below are ways Xcel Energy is helping you save when you are looking to make improvements in your home. Some of these programs require a participating contractor. Visit **xcelenergy.com/COTrades** to find yours today.

Air conditioners and heat pumps

Heating and cooling are almost 50% of your bill.

Enjoy the luxury of air conditioning or a heat pump, knowing your quality-installed, new system is saving you energy. You must select a current participating AC contractor, listed on xcelenergy.com/COTrades.

Mini-split heat pumps are a great choice when looking to heat and cool with one system. You can use any contractor for installation.

Visit **xcelenergy.com/StayCool** to learn more.

Evaporative cooling

Cool your home for a quarter of the cost.

An evaporative cooler is up to 75% more efficient than a traditional central air conditioner. Additionally, it can cool your home within 15 minutes and help reduce the effects of our dry climate. This is a great choice for Coloradans that want to stay cool and pay less on cooling costs.

For a list of qualifying products, or if you need help finding an evaporative cooling contractor, visit our website.

Visit **xcelenergy.com/CO-Evap** to learn more.

Heating

Stay comfortable and keep costs low.

Upgrading your heating equipment can save energy costs and improve your comfort. Rebates are available for 95%+ efficient furnaces.

If you need space heating and cooling, you might consider a mini-split heat pump.

Visit **xcelenergy.com/ResidentialHeating** to learn more.

Water heating

Water heaters consume 18% of the energy used in an average home.

Save money on future energy costs by upgrading to a high-efficiency natural gas or an electric heat pump water heater. After heating and cooling, water heaters account for the largest amount of energy used in your home.

For information on qualifying equipment, or if you need help finding a water heating contractor, visit our website.

Visit **xcelenergy.com/WaterHeating** to learn more and get started.

Home Energy Audit

Save up to 60% on your audit cost.

An audit is the quickest way to set you on a path to lower bills. Audits provide personalized recommendations on home upgrades that will save you the most. Choose from a standard audit, audit with blower door test, or infrared audit.

You must use a current participating Home Energy Audit contractor, listed on **xcelenergy.com/COtrades**.

Visit **xcelenergy.com/HomeEnergyAudit** to learn more.

Air sealing and insulation

You could be losing 20% of your energy.

High bills in winter and summer could mean that you need to seal uncontrolled air leaks and upgrade your insulation. Improve your comfort and save on heating and cooling costs with the help of rebates.

You must select a current participating insulation/air sealing contractor to get started.

Visit **xcelenergy.com/COInsulation** to learn more.

Home Performance with ENERGY STAR

The more you bundle, the more you save.

If you are looking to make more than one upgrade in your home, bundle and save even more with the Home Performance with ENERGY STAR program. Get higher rebates by combining a home energy audit and three or more qualifying improvements.

You must select a current participating Home Performance with ENERGY STAR contractor to get started.

Visit **xcelenergy.com/HomePerformance** to learn more.

ENERGY STAR New Homes

Choose a builder who will save you more in the long run.

Save on energy costs and maximize your resale value by choosing a home that is already economical. We work with builders to ensure your purchase is at least 10% more efficient than standard residential homes. Energy-efficient homes can result in increased comfort, safety and durability, and lower operating costs.

Visit **xcelenergy.com/CONewHomes** for more information or to find a participating builder.

RENEWABLE PROGRAMS

Now that you've taken steps to make your home more energy efficient, the next step is looking at ways to invest in renewable energy.

Solar*Rewards

Go solar and get credited for any excess energy you produce with this incentivized program.

Windsource

Sign up and access wind-sourced energy to get more or all of your energy from renewable resources.

Solar*Rewards Community

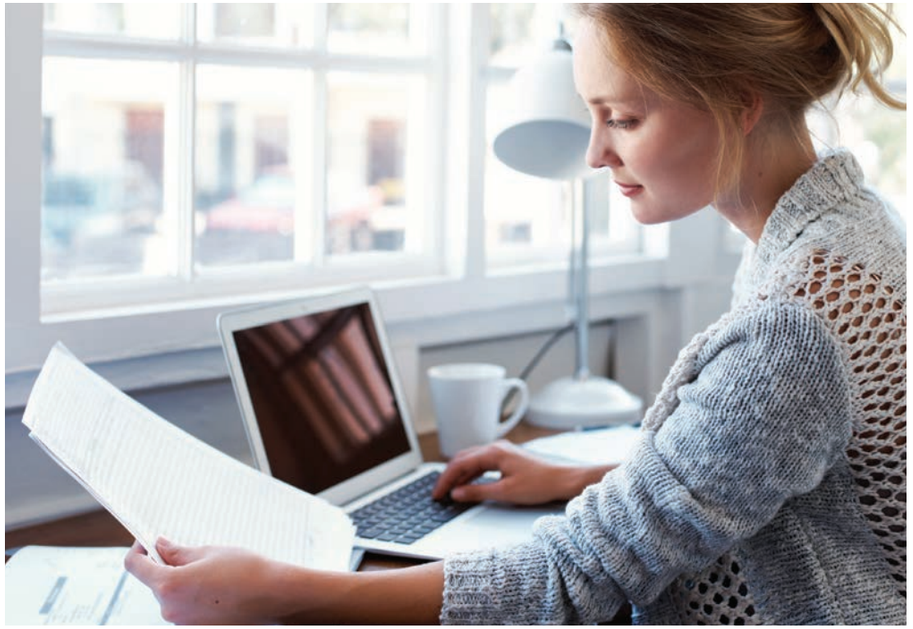

Participate in renewable offerings without installing solar panels on your home.

Net Energy Metering

Use the energy produced by your own solar system and sell any extra back to us.

To learn more about your renewable options, visit **xcelenergy.com/Renewables**.

MORE CHOICES

Staying efficient is the key to a more comfortable home, lower energy bills and a sustainable, independent energy future. We can help.

Billing and payment options

Pick your due date and go paperless. Save time and manage your bill with Paperless Billing, Custom Due Date, Averaged Monthly Payment, and AutoPay billing and payment options from Xcel Energy.

Visit **xcelenergy.com/MyBill** to get started.

Financing options

Need help funding your home energy improvement project? You may qualify for low-interest financing from one of Xcel Energy's lending partners.

Visit **xcelenergy.com** or call **800-895-4999** to learn more.

Income-qualified energy programs

Xcel Energy partners with Energy Outreach Colorado to provide free weatherization services for income-qualified customers.

Find out if you qualify by contacting Energy Outreach Colorado at **care@energyoutreach.org** or calling **303-226-5061**.

THANK YOU FOR YOUR COMMITMENT TO ENERGY EFFICIENCY.

Explore program options for your home at **xcelenergy.com/HomeRebates** or call us at **800-895-4999**.
