

## Solar\*Rewards® Candidate Requirement Checklist

The application criteria below must be met in order to be eligible to participate in the Solar\*Rewards program. Any application that does not meet these requirements is subject to cancellation without refund of the application deposit.

- Service address must be within Xcel Energy's **electric** territory
  - Must have a permanent Xcel Energy account (no “unit temp” allowed)
  - Must have an Xcel Energy **electric** meter on site
  - Mobile homes are not eligible to participate in the Solar\*Rewards program
  
- Valid Account number and Premise number
  - Must match the installation address
  - Must match what is found on the customer's bill
  - Meter number on the bill must match the meter number to which the PV system will be interconnected
  
- Customer name on application must match the name on the Xcel Energy account/bill
  - To make changes to an Xcel Energy account, customers may contact Customer Service at **800.895.4999**.
  - To list two names on an application, both individuals must be listed on the respective Xcel Energy account prior to applying. Customers may contact Customer Service at **800.895.4999** to make this change.
  - If an applicant is a tenant or landlord, please contact [Solar\\*Rewards](#) to ensure that the correct name is listed on the application.
  - If an account is in the name of a homebuilder (in the case of new construction), the name on the application must match. After solar meters have been set, the application may be transferred to the name of the homeowner. Please contact [Solar\\*Rewards](#) at this time.
  
- Easement and declaration (if applicable) must be pre-approved by Xcel Energy prior to submitting an application for a townhome or condominium
  
- All equipment must be UL CERTIFIED and listed on the [Go Solar California](#) website
  
- Systems must be sized such that expected generation (NREL PVWatts estimate) does not exceed 120% of valid historical annual consumption at any time over the application process and contract term
  
- Customer must meet minimum **personal liability** insurance policy requirements
  - 10 kW AC or less: \$300,000
  - 10.01 kW AC to 550 kW: \$1,000,000
