**ELECTRIC TARIFF**

**MISCELLANEOUS SERVICE CHARGES**

**DESCRIPTION:**

1. **Returned Check Charge** is made when Customer's check has been dishonored by the maker's bank and returned to Company.
2. **After Hours Connection Charge** is made when a new connection is requested by Customer to be made outside of regular working hours.
3. **Field Collection Charge** is made when Company makes contact at Customer's premises for collection of delinquent bill or deposits. Only one charge is made per month.
4. **Special Bill Form Charge** is made each time Company provides a manually prepared special bill analysis.
5. **Account History Charge** is made each time Customer requests, and Company provides, a billing or usage history or analysis for a premises, exceeding the most recent 36 months of service. The charges for these services will equal Company's labor, material, overhead, and data processing expenses for processing the request, or \$20.00, whichever is greater.
6. **Reconnect Charge** is made when Customer requests reconnection of electric service following disconnection due to a delinquent account.
7. **Facilities Rental Charge** is made when Customer rents facilities owned and maintained by Company (not applicable to substation facilities).
8. **Restoration of Tampered Service Charge** is applied to any Customer who has tampered with the meter installed on Customer's premises, or by any other means prevented the total energy consumed by Customer from being registered by the meter installed for such purposes.
9. **Temporary Service Charge** is made when Customer requests temporary services. In addition to the cost of service rendered under the applicable rate, Customer will be charged the cost of installing and removing the facilities required to provide temporary service, in excess of any salvage realized.
10. **Meter Testing Charge** is free for the first meter test. If Customer requests a meter test within four years of Customer's last request for a meter test, Company may charge Customer an amount

## ELECTRIC TARIFF

### MISCELLANEOUS SERVICE CHARGES

to recover the cost of the test, not to exceed \$81.00 for a residential Customer, if the meter is determined to be functioning properly.

11. **Load Control Equipment Charge** is equal to cost of materials, labor, transportation, miscellaneous expenses and all applicable overheads for the installation necessary to provide the required signals. In certain cases, Customer may be charged for totalizing and/or recording equipment. Customer will also be charged for operation and maintenance expenses in accordance with Articles IV and V of the Electric Demand Signal Agreement.
12. **Miscellaneous Charges** are made for services performed at the request of Customer but not covered specifically by a specific rate. Customer will be charged the reasonable costs incurred for performing such services, including but not limited to, parts, labor and transportation.
13. **Relocation of Facilities Charge** is made when Customer requests the relocation of facilities for Customer's benefit or convenience.
14. **Non-Routine Charge** is made for maintenance and replacement of street lighting facilities, other than what is provided for by the street light tariff. These costs include labor, materials, transportation, processing and special equipment. This includes, without limitation, costs for traffic control as required by federal, state or local laws or regulations.
15. **Pulse Metering Equipment Installation and Replacement Charge** is made when Customer requests access to pulse from the revenue meter, in accordance with the Agreement and Terms and Conditions for Pulse Metering Equipment Installation. Replacement of existing pulse metering equipment is charged according to type of equipment Customer requests be replaced.
16. **Sale of Renewable Energy Credits ("RECs")**. Company may transfer RECs, as defined at P.U.C SUBST. R. 25.173(c)(13)(14) and (15), to end-use Customers, as authorized by P.U.C. SUBST. R. 25.173(d) and 25.173(l)(2)(3) and (6), with consideration agreed-upon between the Company and the purchaser. Amounts due the Company from sales of RECs may be added to an end-use Customer's bill for electric service under another tariff, but do not alter the purchaser's responsibilities under the conditions and rates for electric service provided through that tariff.

Effective September 1, 2022

**ELECTRIC TARIFF**

**MISCELLANEOUS SERVICE CHARGES**

17. **Non-Standard Metering Service.** Non-standard metering service means the service associated with a meter that does not function as an Advanced Meter, as that term is defined under 16 Tex Admin. Code § 25 130. A customer receiving non-standard metering service shall be charged a one-time fee and a recurring monthly fee. The One-Time Fee before AMS Installation will be charged to all customers who request to receive Non-Standard Metering Service before the AMS meter is installed. The One-Time Fee after AMS Installation will be charged to all customers who request to receive Non-Standard Metering Service after the AMS meter is installed.

Effective September 1, 2022
