

**NOTICE OF REVISION IN THE COLORADO P.U.C. NO. 8-ELECTRIC TARIFF  
OF PUBLIC SERVICE COMPANY OF COLORADO  
1800 LARIMER STREET, DENVER, COLORADO 80202-5533**

You are hereby notified that Public Service Company of Colorado (“Public Service” or the “Company”) has filed with the Colorado Public Utilities Commission (“Commission”) Advice No. 1881 – Electric to implement its Resiliency Service Program and related tariffs in its Colorado P.U.C. No. 8 – Electric Tariff to become effective April 24, 2022. The Resiliency Service Program is an optional service for Small Commercial or Commercial and Industrial Secondary, Primary or Transmission Service customers who take service from a single metering point that have a need for higher than standard service reliability through use of battery energy storage or on-site generation assets. The purpose is to provide resiliency services to customers through Company ownership and operations of resiliency service assets behind a customer’s meter. The resiliency service assets are the assets that will be owned, operated, and maintained by the Company on the customer’s behalf. Resiliency service assets can consist of battery energy storage systems, generation assets, switching and control equipment, or some combination of these.

Due to the pandemic, copies of the current and proposed tariffs summarized above and as filed with the Commission, are not available for examination and explanation at the Commission office, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143. However, a copy of this Notice is available on the Company’s website at [https://www.xcelenergy.com/company/rates\\_and\\_regulations/filings](https://www.xcelenergy.com/company/rates_and_regulations/filings). Customers who have questions may call the Commission at 303-894-2000, call Xcel Energy at 1-800-895-4999, fax to Xcel Energy at 1-800-895-2895, or e-mail to [inquire@xcelenergy.com](mailto:inquire@xcelenergy.com).

Anyone who desires may file written comments or objections to the proposed action. Written comments or objections shall be filed with the Commission, 1560 Broadway, Suite 250, Denver, Colorado, 80202-5143 or filed at [www.dora.state.co.us/pacific/PUC/puccomments](http://www.dora.state.co.us/pacific/PUC/puccomments).

The Commission will consider all written comments and objections submitted prior to the evidentiary hearing on the application if one is held. The filing of written comments or objections by itself will not allow you to participate as a party in any proceeding on the proposed action. If you wish to participate as a party in this matter, you must file written intervention documents in accordance with Rule 1401 of the Commission’s Rules of Practice and Procedure or any applicable Commission order.

The Commission may hold a hearing to determine what rates, rules and regulations will be authorized. If a hearing is held, the Commission may suspend the proposed rates, rules or regulations. The rates, rules and regulations ultimately authorized by the Commission may or may not be the same as those proposed, and may include rates that are higher or lower.

The Commission may hold a public hearing in addition to an evidentiary hearing on the application. If such a hearing is held, members of the public may attend and make statements even if they did not file comments, objections or interventions. If the application is uncontested or unopposed, the Commission may determine the matter without hearing and without further notice. Anyone desiring information regarding if and when a hearing may be held shall submit a written request to the Commission or, alternatively, shall contact the Consumer Affairs section of the Commission at 303-894-2070 or 1-800-456-0858. Notices of proposed hearings will be available on the Commission website under “News Releases” or through the Commission’s e-filing system.
