

**NOTICE OF REVISION IN ITS COLORADO P.U.C. NO. – 1 STEAM TARIFF
OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202-5533**

You are hereby notified that Public Service Company of Colorado (“Public Service”) has filed with the Colorado Public Utilities Commission (“Commission”), in compliance with the Public Utilities Law, Advice No. 163 – Steam to approve the proposed revisions to the Company’s Colorado P.U.C No. 1 – Steam Tariff to adjust the charges for processing credit card and debit card payments from customers that choose to pay their utility bills in such a manner. The adjustment will become effective February 21, 2021 if approved by the Commission.

These revisions are necessary to support a planned change of the third-party vendor that processes such credit card and debit card payments for Public Service. Customers choosing to pay their utility bill with a credit card or debit card will be charged a convenience fee of 2.2 percent of the payment amount per transaction, compared to the amount currently charged of \$29.95 per transaction.

The convenience fee for processing credit card and debit card payments does not alter the amount of a customer’s utility bill and is paid directly to the third-party vendor and not to Public Service. Public Service therefore does not expect any change in its revenues to result from this adjustment.

Due to the pandemic, copies of the current and proposed tariffs summarized above and as filed with the Commission, are not available for examination and explanation at the main office of Public Service, 1800 Larimer Street, Suite 1100, Denver, Colorado 80202-5533, or at the Commission office, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143. However, a copy of this Notice is available on the Company’s public website at https://www.xcelenergy.com/company/rates_and_regulations/filings. Customers who have questions may call the Commission at 303-894 2000, call Xcel Energy at 1-800-895-4999, fax to Xcel Energy at 1-800-895-2895, or email to inquire@xcelenergy.com.

Anyone who desires may file written comments or objections to the proposed action. Written comments or objections shall be filed with the Commission, 1560 Broadway, Suite 250, Denver, Colorado, 80202-5143 or filed at <http://www.dora.state.co.us/pacific/PUC/puccomments>. The Commission will consider all written comments and objections submitted prior to the evidentiary hearing on the proposed action if one is held. The filing of written comments or objections by itself will not allow you to participate as a party in any proceeding on the proposed action. If you wish to participate as a party in this matter, you must file written intervention documents in accordance with Rule 1401 of the Commission’s Rules of Practice and Procedure or any applicable Commission order.

The Commission may hold a hearing to determine what rates, rules and regulations will be authorized. If a hearing is held, the Commission may suspend the proposed rates, rules or regulations. The rates, rules and regulations ultimately authorized by the Commission may or may not be the same as those proposed and may include rates that are higher or lower.

The Commission may hold a public hearing in addition to an evidentiary hearing on the proposed action. If such a hearing is held, members of the public may attend and make statements even if they did not file comments, objections or interventions. If the proposed action is uncontested or unopposed, the Commission may determine the matter without hearing and without further notice. Anyone desiring information regarding if and when a hearing may be held shall submit a written request to the Commission or, alternatively, shall contact the Consumer Affairs section of the Commission at 303-894-2070 or 1-800-456-0858. Notices of proposed hearings will be available on the Commission website under “News Releases” or through the Commission’s e-filing system.
