

**NOTICE OF REVISION TO THE ELECTRIC COMMODITY ADJUSTMENT
OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202-5533**

You are hereby notified that Public Service Company of Colorado (“Public Service” or “Company”) has filed with the Colorado Public Utilities Commission (“Commission”), in compliance with the Public Utilities Law, an advice letter request to revise its Electric Commodity Adjustment (“ECA”) tariff language. The revision will become effective July 15, 2022, if said advice letter is granted by the Commission.

In January 2022, Public Service, along with other Colorado utilities, announced its plan to join the Western Energy Imbalance Service Market operated by the Southwest Power Pool, Inc. (“SPP WEIS”). The purpose of the revision to the ECA tariff language is to: (1) allow for recovery of SPP WEIS market administration fees; (2) credit SPP WEIS market sales revenues to customers; and (3) allow for recovery of a standalone revenue requirement associated with the SPP WEIS entry fee and software and information technology upgrades through the ECA until such time as those implementation costs can be included in the Company’s base rates.

The advice letter filing includes no request to change rates, so there is no revenue effect or bill impact associated with this filing at this time. However, the requested tariff changes will allow for future changes to the ECA, expected for the second quarter of 2023 and later ECA filings during the Company’s participation in the SPP WEIS market. If the tariff changes proposed in this advice letter are approved, these future ECA filings will include the additional SPP WEIS cost categories described above. The estimated effect in future ECA filings on the Company’s average electric bill is shown below.

Electric Bill Impact Summary				
Rate Class	Baseline	Average		
	Average	Monthly Bill with		
	Monthly Bill	SPP WEIS costs	Change	
Residential	\$81.90	\$81.99	\$0.09	0.11%
Small Commercial (C)	\$122.06	\$122.20	\$0.14	0.12%
C&I Secondary General (SG)	\$2,332.14	\$2,335.54	\$3.40	0.15%
C&I Primary General (PG)	\$38,632.86	\$38,705.94	\$73.08	0.19%
C&I Transmission General (TG)	\$517,802.44	\$518,889.37	\$1,086.93	0.21%

Although these costs will be passed through to customers through the ECA, the Company expects that participation in the SPP WEIS market likely will result in lower energy costs for customers, which will also be realized through the ECA.

Due to the pandemic, copies of the current and proposed ECA tariffs summarized above and as filed with the Commission are available for examination and explanation at the main office of Public Service, 1800 Larimer Street, Suite 1100, Denver, Colorado 80202-5533, but not available at the Commission office, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143. However, a copy of this Notice is available on the Company’s website at https://www.xcelenergy.com/company/rates_and_regulations/filings. Customers who have questions may call the Commission at 303-894-2000, call Xcel Energy at 1-800-895-4999, fax to Xcel Energy at 1-800-895-2895, or e-mail to inquire@xcelenergy.com.

Anyone who desires may file written comments or objections to the proposed action. Written comments or objections shall be filed with the Commission, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143 or by visiting <https://puc.colorado.gov/puccomments>.

The Commission will consider all written comments and objections submitted prior to the evidentiary hearing on the proposed action. The filing of written comments or objections by itself will not allow you to participate as a party in any proceeding on the proposed action. If you wish to participate as a party in this matter, you must file written intervention documents in accordance with Rule 1401 of the Commission's Rules of Practice and Procedure or any applicable Commission order.

The Commission may hold a hearing to determine what rates, rules, and regulations will be authorized. If a hearing is held, the Commission may suspend the proposed rates, rules, or regulations. The rates, rules, and regulations ultimately authorized by the Commission may or may not be the same as those proposed, and may include rates that are higher or lower.

The Commission may hold a public hearing in addition to an evidentiary hearing on the proposed action and that if such a hearing is held, members of the public may attend and make statements even if they did not file comments, objections or an intervention. If the proposed action is uncontested or unopposed, the Commission may determine the matter without a hearing and without further notice. Anyone desiring information regarding if and when a hearing may be held, shall submit a written request to the Commission or, alternatively, shall contact the Consumer Affairs section of the Commission at 303-894-2070 or 1-800-456-0858. Notices of proposed hearings will be available on the Commission website under "News Releases" or through the Commission's e-filing system.
