

**NOTICE OF PUBLIC SERVICE COMPANY OF COLORADO  
1800 LARIMER STREET, DENVER, COLORADO 80202-5533  
TO REVISE INTERVAL DATA METER OPTION TARIFF**

You are hereby notified that Public Service Company of Colorado (“Public Service” or the “Company”) has filed with the Public Utilities Commission of the State of Colorado (“Commission”) Advice No. 1956 – Electric to revise its Interval Data Meter Option (“Schedule IDMO”) tariff in its Colorado P.U.C. No. 8 – Electric tariff (“Electric Tariff”) to become effective on September 12, 2024 if said advice letter is granted by the Commission.

The principal proposed change is to add language to the IDMO tariff providing for circumstances under which the Company may deny a customer’s request to opt-out of an advanced meter. Such circumstances include situations in which a safety hazard for the customer, the public, or the Company’s personnel or facilities is present; the customer does not allow access to the Company’s equipment; or the customer has a history of meter tampering. Non-standard interval data meters require manual readings on a monthly basis, necessitating safe and reliable access to a customer’s premise, and this language is intended to prevent the Company from putting its employees, contractors, public safety officers, and the general public at risk to accommodate a customer’s request for a non-standard interval data meter in place of an advanced meter which is an optional service the Company provides. This filing is not expected to have any impact upon the Company’s annual revenues.

Copies of the current and proposed tariffs summarized above and as filed with the Commission, are available for examination and explanation at the main office of Public Service, 1800 Larimer Street, Suite 1100, Denver, Colorado 80202-5533, and available by appointment at the Commission office, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143. Also, a copy of this Notice is available on the Company’s website at [https://www.xcelenergy.com/company/rates\\_and\\_regulations/filings](https://www.xcelenergy.com/company/rates_and_regulations/filings). Customers who have questions may call the Commission at 303-894-2000, call Xcel Energy at 1-800-895-4999, or visit [xcelenergy.com](https://www.xcelenergy.com) and select “Customer Support” for additional ways to contact the Company.

Anyone who desires may file written comments or objections to the proposed action. Written comments or objections shall be filed with the Commission, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143 or by visiting <https://puc.colorado.gov/puccomments>.

The Commission will consider all written comments and objections submitted prior to the evidentiary hearing on the proposed action. The filing of written comments or objections by itself will not allow you to participate as a party in any proceeding on the proposed action. If you wish to participate as a party in this matter, you must file written intervention documents in accordance with Rule 1401 of the Commission’s Rules of Practice and Procedure or any applicable Commission order.

The Commission may hold a hearing to determine what rates, rules, and regulations will be authorized. If a hearing is held, the Commission may suspend the proposed rates, rules, or regulations. The rates, rules, and regulations ultimately authorized by the Commission may or may not be the same as those proposed and may include rates that are higher or lower.

The Commission may hold a public hearing in addition to an evidentiary hearing on the proposed action and that if such a hearing is held, members of the public may attend and make statements even if they did not file comments, objections or an intervention. If the proposed action is uncontested or unopposed, the Commission may determine the matter without a hearing and without further notice. Anyone desiring information regarding if and when a hearing may be held, shall submit a written request to the Commission or, alternatively, shall contact the Consumer Affairs section of the Commission at 303-894-2070 or 1-800-456-0858. Notices of proposed hearings will be available on the Commission website under “News Releases” or through the Commission’s e-filing system.
