

**NOTICE OF REVISION IN THE COLORADO P.U.C. NO. 8-ELECTRIC TARIFF
OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202-5533**

You are hereby notified that Public Service Company of Colorado (“Public Service” or “Company”) has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in compliance with the Public Utilities Law, an advice letter for permission to revise the Residential Outdoor Area Lighting Service (“Schedule RAL”) Tariff, Commercial Outdoor Area Lighting Service (“Schedule CAL”) Tariff, Parking Lot Lighting Service (“Schedule PLL”) Tariff, Street Lighting Service (“Schedule SL”) Tariff and the Street Lighting Service Unincorporated Areas (“Schedule SLU”) Tariff in the Company’s Colorado P.U.C. No. 8 – Electric tariff (“Electric Tariff” or “Tariff”), to expand the Light Emitting Diode (“LED”) lighting options available effective January 21, 2019, if said advice letter is approved by the Commission.

The Company is proposing to broaden the availability of LED lighting options for Company-owned, cobra-head type fixtures for customers who take service under Schedules RAL, CAL, PLL, SL, and SLU. These new LED lighting options are intended to replace High Pressure Sodium (“HPS”) and metal halide (“MH”) and associated fixtures in cobra-head street lights. The Company proposes to offer this on a voluntary basis to new and existing customers in order to meet the increasing requests by customers for additional LED lighting options.

Specifically, the Company is proposing to add LED lighting options to Schedules RAL and CAL that include 39, 155 and 246 watt HPS equivalent LED fixtures, to Schedule PLL that includes 39, 65, 155, and 246 watt HPS equivalent LED fixtures, to Schedule SL that includes a 4000 lumen rating 50 watt, and 320 and 500 watt HPS equivalent LED fixtures, and to Schedule SLU that includes a 39 watt HPS equivalent LED fixture.

This filing does not require a determination of the utility’s revenue requirement and there is no change in the base rate revenues charged to customers. Additionally, no net change in revenue to Public Service will result from implementation of the tariff proposed in this filing, and the annual effect on the Company’s revenues is dependent on the number of Schedule RAL, CAL, PLL, SL, and SLU customers who choose to utilize the proposed lighting options.

In accordance with 4 *Code Of Colorado Regulations* (“CCR”) 723-4-3002(d), copies of the current and proposed tariffs summarized above and as filed with the Commission, are available for examination and explanation at Public Service’s main office, 1800 Larimer Street, Suite 1400, Denver, Colorado 80202-5533, or at the Commission’s office, 1560 Broadway, Suite 250, Denver, Colorado, 80202-5143.
