

- Worked to bolster the effectiveness of an energy efficiency advocate network by facilitating technical assistance and consulting expertise for grantees, making connections between groups conducting complementary work, and organizing an annual conference where over 150 experts shared best practices in energy efficiency regulatory policy and politics.
- Produced high quality written and visual materials to effectively communicate the energy efficiency program's progress and challenges to a diverse set of audiences including board members, Energy Foundation colleagues and external advisors.
- Demonstrated a commitment to internal process improvement by leading work to implement new Program Team budget spreadsheets that enable more coordinated grantmaking. Served as an effective manager of three program budgets, ensuring that all internal spending deadlines were met.

**TETRA TECH EM, INC.**

*Energy Analyst*

Bothell, WA  
June 2008 – July 2010

- Calculated the greenhouse gas abatement potential of power sector-oriented, state-level climate policy options in four states (FL, IL, MI, OH). Assisted in the management of stakeholder processes to ensure quantitative work was credible to a broad set of interest groups, businesses and decision makers.
- Worked on a variety of environmental consulting projects including greenhouse gas inventory verifications, food chain modeling in remediation projects, environmental impact statements, environmental site assessments, and environmental justice initiatives.
