

The Climate Registry

October 30, 2019

Dear Curtis,

Congratulations on your Climate Registered™ All Star status!

By reporting and verifying your greenhouse gas emissions with The Climate Registry, you have demonstrated your commitment to sustainability and transparency. And by achieving a greenhouse gas reduction goal – while meeting other rigorous criteria – you have exemplified leadership of the highest standard. To show our support for your accomplishments, The Climate Registry recently mailed Xcel Energy a plaque that is awarded exclusively to Climate Registered™ All Star members.

As a Climate Registered™ member, you can be sure that your carbon data is of the highest quality. Your organization is leading the way towards a more sustainable future. We encourage you to show off your plaque and use the Climate Registered™ All Star logo to share your success story with the world.

We look forward to supporting your sustainability leadership in the years to come. Together, we can make global warming history.

Sincerely,

Amy Holm  
Executive Director
