

**NOTICE OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202-5533
TO REVISE ITS PIPELINE SYSTEM INTEGRITY
ADJUSTMENT RIDER**

You are hereby notified that Public Service Company of Colorado (“Public Service” or the “Company”) has filed with the Colorado Public Utilities Commission (“Commission”), in compliance with the Public Utilities Law, Advice No. 976 - Gas to revise its Pipeline System Integrity Adjustment (“PSIA”) rider in its Colorado P.U.C. No. 6 – Gas tariff to become effective on January 1, 2021, if approved by the Commission.

The principal proposed change is to revise the PSIA rider, pursuant to the terms and conditions of the Company’s PSIA tariff, Sheet Nos. 47 through 47B and consistent with the Unopposed and Comprehensive Stipulation and Settlement Agreement (“Settlement”) approved by the Commission through Decision No. R20-0673 (“2020 GRC Decision”) in Proceeding No. 20AL-0049G (“2020 Gas Rate Case”). Pursuant to the Settlement, the rider calculation in this filing does not include the approved transfer of certain PSIA projects in base rates to the PSIA or the transfer of certain PSIA project costs to base rates. These adjustments will be made to the PSIA as part of the March 15, 2021 filing required under the Settlement, to be effective April 1, 2021.

The current PSIA is \$0.04601 per therm. It became effective January 1, 2020, and was based on a revenue requirement of \$93,390,085. The proposed PSIA is \$0.05168 per therm and is based on a revenue requirement of \$104,344,872. The resulting effect of this filing on the Company’s annual base rate gas revenues is an increase of \$10,954,787 based on the twelve-month period ending December 31, 2021.

The following table shows the current and proposed total monthly bill impacts for the major rate schedules assuming average usage and average demand.
