# DIRECT TESTIMONY OF ANGELENE HENNES GHELF

1		I. <u>WITNESS IDENTIFICATION AND QUALIFICATIONS</u>
2	Q.	Please state your name and business address.
3	A.	My name is Angelene Hennes Ghelf. My business address is 414 Nicollet Mall,
4		Minneapolis, Minnesota 55401.
5	Q.	On whose behalf are you testifying in this proceeding?
6	A.	I am filing testimony on behalf of Southwestern Public Service Company, a New
7		Mexico corporation ("SPS") and wholly-owned electric utility subsidiary of Xcel
8		Energy Inc. ("Xcel Energy").
9	Q.	By whom are you employed and in what position?
10	A.	I am employed by Xcel Energy Services Inc. ("XES"), the service company
11		subsidiary of Xcel Energy, as a Strategy & Performance Consultant.
12	Q.	Please briefly outline your responsibilities as a Strategy & Performance
13		Consultant.
14	A.	I serve as Chief of Staff to the Senior Vice President of the Corporate Secretary
15		and Executive Services organization. My duties include operation oversight and
16		business planning for the Corporate Secretary and Executive Services.
17	Q.	Please describe your educational background.
18	A.	I received a Bachelor of Arts degree in Political Science and Legal Studies from
19		Hamline University in Saint Paul, Minnesota, and a Master's degree in
20		Organizational Development and Change Leadership from the University of St.
21		Thomas in Minneapolis, Minnesota.

1	Q.	Please describe	your professional	experience.
---	----	-----------------	-------------------	-------------

- 2 A. Prior to my employment with XES, I spent four years in public affairs in the 3 insurance industry. My responsibilities were to develop and execute a strategy for the company's philanthropic and employee political advocacy programs in Iowa, 4 5 Nebraska, and South Dakota. I was hired as a Civic and Political Engagement 6 Consultant at XES in February of 2013. I worked in that role for two years before 7 moving over to a Strategy and Performance consultant role in the Corporate 8 Secretary and Executive Services organization. In January of 2017, I was 9 assigned the Chief of Staff responsibilities for Corporate Secretary and Executive 10 Services organization.
- 11 Q. Have you attended or taken any special courses or seminars relating to 12 public utilities?
- 13 A. Yes, I have received a certification related to change management strategies 14 specific to the utility industry.
- 15 Q. Have you previously filed testimony before any regulatory authority?
- 16 A. Yes. I filed testimony before the Public Utility Commission of Texas in Docket
  17 No. 47527 regarding operation and maintenance ("O&M") expenses and the
  18 administrative and general expenses for the Corporate Secretary & Executive
  19 Services affiliate class.

2		RECOMMENDATIONS
3	Q.	What is your assignment in this proceeding?
4	A.	I support the Updated Test Year (July 1, 2018 through June 30, 2019) <sup>1</sup> O&M
5		expenses and the administrative and general expenses for the Corporate Secretary
6		& Executive Services affiliate class. In regard to this affiliate class, my testimony
7		will:
8		<ul> <li>describe the services included in the class;</li> </ul>
9 10		<ul> <li>explain that those services are reasonable and necessary for SPS's operations;</li> </ul>
11		<ul> <li>explain that the costs for those services are reasonable and necessary;</li> </ul>
12 13 14		<ul> <li>explain that these services do not duplicate services that SPS provides to itself through its own employees or that are provided from any other source; and</li> </ul>
15 16		<ul> <li>explain that charges from XES to SPS for those services are no higher than the charges to SPS affiliates for the same or similar services.</li> </ul>
17		In addition, I co-sponsor Schedule I-10(V) of SPS's Rate Filing Package
18		("RFP").
19	Q.	Please summarize your testimony and recommendations.
20	A.	The estimated Updated Test Year costs for the Corporate Secretary & Executive
21		Service affiliate class of \$1,170,760 <sup>2</sup> (total SPS before jurisdictional allocations,
22		"Total Company" or "total company") are reasonable and necessary because they
23		support SPS's ability to provide electric service to its Texas retail customers.

<sup>&</sup>lt;sup>1</sup> The Test Year in this case is April 1, 2018 through March 31, 2019, and the Update Period is April 1, 2019 through June 30, 2019. The Updated Test Year consists of the last nine months of the Test Year and the three months in the Update Period. In addition to supporting the Updated Test Year costs, I have also reviewed the costs for the first three months of the Test Year for the class I support and find those costs to be reasonable.

<sup>&</sup>lt;sup>2</sup> This dollar amount reflects nine months of actual costs and three months of estimated costs.

1	• The costs are for the following services:
2 3 4	<ul> <li>providing oversight to the Corporate Compliance and Business Conduct Program to maintain compliance with legal and regulatory requirements;</li> </ul>
5 6	<ul> <li>developing reports such as the Annual Report and annual Corporate Responsibility Report;</li> </ul>
7 8	<ul> <li>assisting with the planning for and response to a pandemic and emergency planning;</li> </ul>
9 0 1 2	<ul> <li>developing and implementing communications for SPS's customers regarding billing and payment programs, rates, services, and outages, and for SPS's employees on business issues and the safe handling of electricity;</li> </ul>
13 14	<ul> <li>performing design and production services for external and internal communications;</li> </ul>
15 16	<ul> <li>developing corporate strategy and Operating Company<sup>3</sup> specific strategic initiatives; and</li> </ul>
7 8 9 20 21	o organizing the meetings of the SPS and Xcel Energy Boards of Directors, overseeing the process for compensating the independent directors, making required filings, overseeing compliance programs, and coordinating corporate and executive communications.
	The services grouped in the Corporate Secretary & Executive Services
23	affiliate class are necessary for many reasons, including to ensure that:
24	SPS complies with the state and federal regulatory requirements
22 23 24 25 26	governing a publicly traded, investor-owned utility company; required
26	filings are made; meetings of the Xcel Energy and SPS Boards of
27	Directors are appropriately conducted and independent directors
28	retained; the business of the corporation is conducted in accordance
29	with ethical standards; institutional knowledge is retained and made
30	available for use; executive, regulatory, and shareholder
31 32 33	communications present accurate information; and SPS's customers
0.2	and the public receive necessary communications such as information
	about rates, outages, safety issues, emergency situations, and billing
34	and payment programs.

<sup>&</sup>lt;sup>3</sup> The Operating Companies are: Northern States Power Company, a Minnesota corporation; Northern States Power Company, a Wisconsin corporation; Public Service Company of Colorado, a Colorado corporation; and SPS.

1 2 3		<ul> <li>The costs are reasonable because they are shared with other affiliates, consist primarily of personnel costs that are reasonable, and are subjected to rigorous budgeting and cost control processes.</li> </ul>
4 5		<ul> <li>SPS does not provide these services for itself, and the services do not duplicate services provided by others.</li> </ul>
6 7 8		• Each charge from SPS's affiliates for these services is billed at cost, and is no higher than the charges by those affiliates to any other entity for the same or similar service.
9	Q.	Please describe the information in Schedule I-10(V).
10	A.	I co-sponsor Schedule I-10(V), which presents employee ethics documents. SPS
11		witnesses Jeffrey C. Klein, H. Craig Romer, Bennie F. Weeks, and William A.
12		Grant also co-sponsor this schedule. I co-sponsor the portion of this schedule that
13		contains the Xcel Energy Code of Conduct.

- based on the forecasted budget. However, these expenses have not gone through
- 2 the full pro forma adjustment review process.
- 3 Q. Will your testimony be updated to replace the estimated costs that you
- 4 present and support with actual costs?
- 5 A. Yes. SPS will file an update within 45 days after the application has been filed.
- The update will provide actual costs incurred to replace the estimates provided in
- 7 the application for the Update Period. As part of that process, my Attachments
- 8 AHG-RR-A through D will be updated by removing estimates of Corporate
- 9 Secretary & Executive Services affiliate O&M expenses incurred by SPS during
- the Updated Test Year and then replacing those estimates with actual expenses,
- which will be used to establish SPS's base rates in this case.
- 12 Q. Were Attachments AHG-RR-1 and AHG-RR-A through AHG-RR-D
- prepared by you or under your direct supervision and control?
- 14 A. Yes, as to Attachment AHG-RR-1. Attachments AHG-RR-A through
- 15 AHG-RR-D were prepared by Ms. Schmidt and her staff. My staff and I have
- reviewed these attachments and I believe them to be accurate. Although the same
- information provided in Attachments AHG-RR-A through AHG-RR-D is
- presented in Ms. Schmidt's Attachments MLS-RR-A through MLS-RR-D, I have
- 19 presented this information in my testimony for the convenience of those
- 20 reviewing my testimony.
- 21 Q. Was the portion of the RFP schedule you co-sponsor prepared by you or
- 22 under your supervision and control?
- 23 A. Yes.

- 1 Q. Do you incorporate the portion of the RFP schedule you co-sponsor into your
- 2 testimony?
- 3 A. Yes.

1 2		AFFILIATE EXPENSES FOR THE CORPORATE SECRETARY  & EXECUTIVE SERVICES CLASS OF SERVICES
3	Q.	Earlier in your testimony, you referred to an "affiliate class." What do you
4		mean by the terms "affiliate class" or "affiliate class of services"?
5	A.	A portion of SPS's costs reflects charges for services provided by a supplying
6		affiliate, specifically XES or one of the Operating Companies. These charges
7		have been grouped into various affiliate classes, or aggregations of charges, based
8		upon the business area, organization, or department that provided the service or,
9		in a few instances, the accounts that captured certain costs. In her direct
10		testimony, Ms. Schmidt provides a detailed explanation of how the affiliate
11		classes were developed and are organized for this case.
12	Q.	Which affiliate class do you sponsor?
13	A.	I sponsor the Corporate Secretary & Executive Services class of affiliate services.
14 15	<b>A.</b>	Summary of Affiliate Expenses for the Corporate Secretary & Executive Services Class of Services
16	Q.	Where does the Corporate Secretary & Executive Services affiliate class fit
17		into the overall affiliate structure?
18	A.	Attachment MLS-RR-6 to Ms. Schmidt's direct testimony provides a list and a
19		pictorial display of all affiliate classes, dollar amounts for those classes, and
20		sponsoring witness for each class. As seen on that attachment, the Corporate
21		Secretary & Executive Services affiliate class was part of the Corporate Secretary
22		& Executive Services business area during the Updated Test Year. Attachment

Q.	What	services	are	grouped	into	the	Corporate	Secretary	&	Executive

2 Services affiliate class?

Α.

A.

The services that are grouped into the Corporate Secretary & Executive Services affiliate class are: Boards of Directors meeting organization and independent director compensation oversight; official record keeping; completing filings required for public companies, such as Securities and Exchange Commission ("SEC") filings, Nasdaq filings, and Secretary of State filings in Texas and New Mexico; writing reports, including the Annual Report and shareholder reports; assisting with the planning for and response to a pandemic and emergency planning; providing executive and corporate communications functions; providing oversight to the enterprise compliance training requirement and business code of conduct; promoting programs and tariffs, and communications; performing design and production services; developing content for portions of Xcel Energy's website and social media channels; and certain corporate strategy functions.

Q. What is the dollar amount of the Updated Test Year XES charges that SPS requests, on a total company basis, for the Corporate Secretary & Executive Services affiliate class?

The following table summarizes the dollar amount of the estimated Updated Test Year XES charges for the Corporate Secretary & Executive Services affiliate class. I will update the table below as part of SPS's 45-day case update filing to reflect the actual Updated Test Year costs for the Corporate Secretary & Executive Services affiliate class.

Requested Amount of XES Class

		Expenses Billed to SPS				
		(Total Company)				
Class of Services	Total XES Class Expenses	Requested Amount	% Direct Billed	% Allocated		
Corporate Secretary & Executive Services	\$21,779,997	\$1,170,760	6.62%	93.38%		

Total XES Class Expenses	Dollar amount of total Updated Test Year expenses that XES charged to all Xcel Energy companies for the services provided by this affiliate class. This is the amount from Column E in Attachment AHG-RR-A.
Requested Amount of XES Class Expenses Billed to SPS (Total Company)	Requested dollar amount of XES expenses to SPS (total company) for this affiliate class after exclusions and pro forma adjustments. This is the amount from Column K in Attachment AHG-RR-A.
% Direct Billed	The percentage of SPS's requested XES expenses (total company) for this class that were billed 100% to SPS.
% Allocated	The percentage of SPS's requested XES expenses (total company) for this class that were allocated to SPS.

- 2 Q. Please describe the attachments that support the information provided on
- 3 Table AHG-RR-1.
- 4 A. There are four attachments to my testimony that present information about the
- 5 requested SPS affiliate expenses for the Corporate Secretary & Executive
- 6 Services affiliate class.

1	Attachn	nent AHG-RR-A: Pr	ovides a summary of the affiliate expenses

7	information.					
	Column A —	Line No.	Lists the Attachment line numbers.			
	Column B —	Affiliate Class	Lists the affiliate class.			
	Column C —	Billing Method (Cost Center)	Shows the billing method that XES uses to charge the expenses to the affiliates, and the billing method short title. In her direct testimony, Ms. Schmidt explains the billing methods and defines the codes.			
	Column D —	Allocation Method	Shows the allocation method applicable to the billing method (cost center).			
	Column E —	Total XES Billings for Class to all Legal Entities (FERC Acct. 400- 935)	Shows XES billings to all legal entities for the affiliate class.			
	Column F —	XES Billings for Class to all Legal Entities Except for SPS (FERC Acct. 400-935)	Shows XES billings to all legal entities except SPS for the affiliate class.			
	Column G —	XES Billings for Class to SPS (Total Company) (FERC Acct. 400-935)	Shows XES billings to SPS (total company) for the affiliate class.			

Column H —	Exclusions	Shows the total dollars to be excluded from Column G. Exclusions reflect expenses not requested, such as expenses not allowed or other expenses excluded from the cost of service.	
Column I —	Per Book	Shows XES billings to SPS (total company), for the affiliate class, after the exclusions shown in Column H. The dollar amount in Column I is Column G plus Column H.	
Column J —	Pro Formas	Shows the total dollar amount of proforma adjustments to the dollar amount in Column I. Pro forma adjustments reflect revisions for known and measurable changes to the Updated Test Year expenses.	
Column K —	Requested Amount (Total Company)	Shows the requested amount (total company) for the affiliate class. The dollar amount in Column K is Column I plus Column J.	
Column L —	% of Class Charges	Shows the percentage of affiliate class charges billed using the cost center.	
In her dire	ect testimony, Ms. Sch	nmidt provides a consolidated summary of	
affiliate expense	s billed to SPS for all	classes during the Test Year and Updated	
Test Year.			
<u>Attachm</u>	ent AHG-RR-B(CD):	Provides the detail of the XES expenses	
for the Corpor	ate Secretary & Exe	ecutive Services affiliate class that are	
summarized on	Attachment AHG-RR	-A. The detail shows the XES expenses	
billed to SPS fo	or the Corporate Secre	etary & Executive Services affiliate class,	
itemized by the amount, with each expense listed by individual activity, and			
billing method (	cost center). When s	ummed, these amounts tie to the amounts	

1	shown on Attac	chment AHG-RR-A,	and the detail regarding the expenses is
2	organized to s	upport that attachme	ent. Specifically, the columns on this
3	attachment provide the following information.		
	Column A —	Line No.	Lists the Attachment line numbers.
	Column B —	Legal Entity Receiving XES Expenses	Shows the legal entity (Xcel Energy or one of its subsidiaries) that received the XES expense.
	Column C —	Affiliate Class	Lists the affiliate class.
	Column D —	Cost Element	Provides the cost element number.
	Column E —	Activity	Provides a short title for the activity.
	Column F —	Billing Method (Cost Center)	Identifies the billing method and short title. In her direct testimony, Ms. Schmidt explains the billing methods and defines the codes.
	Column G —	FERC Account	Shows the FERC Account in which the expense was recorded for the operating companies.
	Column H —	Total XES Billing for Class to all Legal Entities (FERC Acct. 400- 935)	Shows the itemized amount of the listed XES expense that was billed to all legal entities for the affiliate class.
	Column I —	XES Billing for Class to all Legal Entities Except SPS (FERC Acct. 400- 935)	Shows the itemized amount of the listed XES expense that was billed to all legal entities except SPS for the affiliate class.
	Column J —	XES Billings for Class to SPS (Total Company) (FERC Acct. 400-935)	Shows the itemized amount of the listed XES expense that was billed to SPS for the affilitate class. Therefore, the sum of this column provides total billings to SPS and ties to the total dollar amount for the affiliate class in Column G of

Attachment AHG-RR-A.

Column K —	Exclusions	Shows the total dollars excluded from Column J. The total dollar amount for the affiliate class in Column K ties to the total dollar amount for the affiliate class in Column H of Attachment AHG-RR-A.
Column L —	Per Book	Shows XES billings to SPS (total company) for the affiliate class after the exclusions shown in Column K. The dollar amount in Column L is Column J plus Column K. The total dollar amount for the affiliate class in Column L ties to the total dollar amount for the affiliate class in Column I of Attachment AHG-RR-A.
Column M —	Pro Formas	Shows the dollar amount of pro forma adjustments to the dollar amount in Column L. The total dollar amount for the affiliate class in Column M ties to the total dollar amount for the affiliate class in Column J of Attachment AHG-RR-A.
Column N —	Requested Amount (Total Company)	Shows the requested amount (total company) for the affiliate class. The dollar amount in Column N is Column L plus Column M. The total dollar amount for the affiliate class in Column N ties to the total dollar amount for the affiliate class in Column K of Attachment AHG-RR-A.
Ms. Sch	midt also provides a co	onsolidated summary of this information for
all affiliate class	ses during the Test Yea	ar and Updated Test Year.
<u>Attachn</u>	nent AHG-RR-C:	Both Attachments AHG-RR-A and
AHG-RR-B(CD	) show exclusions to	the XES expenses billed to SPS for the
Corporate Sec	retary & Executive	e Services affiliate class (Attachment
AHG-RR-A, Co	olumn H; Attachment	AHG-RR-B(CD), Column K). Attachment

1	AHG-RR-C provides detail about the	nose exclusions listed on Attachments			
2	AHG-RR-A and AHG-RR-B(CD). The columns on Attachment AHG-RR-C				
3	provide the following information.				
	Column A — Line No.	Lists the Attachment line numbers.			
	Column B — Affiliate Class	Lists the affiliate class.			
	Column C — FERC Account	Identifies the FERC Account and FERC Account description for the expense that has been excluded.			
	Column D — Explanations for Exclusions	Provides a brief rationale for the exclusion.			
	Column E — Exclusions (Total Company)	Shows the dollar amount of the exclusion.			
4	In her direct testimony, Ms. Sch	midt describes the calculations underlying			
5	the exclusions.				
6	Attachment AHG-RR-D:	Both Attachments AHG-RR-A and			
7	AHG-RR-B(CD) show pro forma adjust	tments to SPS's per book expenses for the			
8	Corporate Secretary & Executive	Services affiliate class (Attachment			
9	AHG-RR-A, Column J; Attachment AH	HG-RR-B(CD), Column M). Attachment			
10	AHG-RR-D provides information about	t those pro forma adjustments shown on			
11	Attachments AHG-RR-A and AHG-R	R-B(CD). The columns on Attachment			
12	AHG-RR-D provide the following infor	rmation.			
	Column A — Line No.	Lists the Attachment line numbers.			
	Column B — Affiliate Class	Lists the affiliate class.			
	Column C — FERC Account	Identifies the FERC Account and FERC Account description affected by the pro forma adjustment.			

			ormas	forma adjustment.
		Column E — S	ponsor	Identifies the witness or witnesses who sponsor the pro forma adjustment.
			ro Formas (Total Company)	Shows the dollar amount of the proforma adjustment.

- 3 A. Yes. As I mentioned earlier, pro forma adjustments are revisions to Updated Test
- 4 Year expenses for known and measurable changes. Pro forma adjustments are
- 5 shown on Attachment AHG-RR-A, Column J, and on Attachment
- 6 AHG-RR-B(CD), Column M. The details for the pro forma adjustments,

- 11 updated Attachment AHG-RR-D that will complete the full pro forma adjustment
- review process for the last three months of the Updated Test Year.
- 13 Q. Attachment AHG-RR-D shows that you sponsor pro forma adjustments for

- 18 A. The adjustments that I sponsor remove alcohol expense (a decrease of \$70);
- remove costs for foreign travel (a decrease of \$1,652); remove costs for life

- Q. Are the services that are grouped in the Corporate Secretary & Executive
   Services affiliate class necessary for SPS's operations?
  - Yes. The services grouped in the Corporate Secretary & Executive Services A. affiliate class are necessary for many reasons, including to ensure that: SPS complies with the state and federal regulatory requirements governing a publicly traded, investor-owned utility company; required filings are made; meetings of the Xcel Energy and SPS Boards of Directors are appropriately conducted and independent directors retained; the business of the corporation is conducted in accordance with ethical standards; appropriate plans are in place for recovery from major disasters; institutional knowledge is retained and made available for use; and executive communications, communications required by regulatory agencies, and communications to shareholders present accurate information. In addition, the Corporate Secretary & Executive Services affiliate class helps to provide the framework for the development of corporate strategy and supports the efforts of senior leadership in advancing the Operating Company's strategic initiatives; provides SPS's customers with information about rates, outages, emergency situations, and billing and payment programs; provides information to the public in SPS's service territory regarding safety issues related to electricity; and promotes and communicates SPS's renewable energy and energy efficiency These are functions required by all investor-owned utilities and without which SPS would not be able to provide reliable electric service to its customers.

1	Q.	What are the specific services that are provided to SPS by the Corporate
2		Secretary & Executive Services affiliate class?
3	A.	The specific services that are provided to SPS by the Corporate Secretary &
4		Executive Services affiliate class are:
5 6 7 8		<ul> <li>Preparation of annual filings with the Texas and New Mexico Secretary of State offices, including assistance in the preparation of filing the annually required Texas Corporation Franchise Tax reports and Texas Corporation Public Information Reports;</li> </ul>
9 10		<ul> <li>Preparation of SEC Forms 3, 4, and 5 and FERC (Interlocking) reports.</li> <li>These reports are required for all public companies;</li> </ul>
11 12		<ul> <li>Maintenance of official records, such as minute books for SPS and Xcel Energy. This is a legal requirement for a corporation;</li> </ul>
13 14 15		<ul> <li>Management of corporate information, and making information available to employees regarding regulatory history, corporate metrics, and performance data, and other issues;</li> </ul>
16 17 18		• Compliance with listing requirements for various exchanges, such as the Nasdaq. This is necessary in order for the stock of Xcel Energy to continue to be publicly traded;
19 20 21		• Oversight of the Corporate Compliance and Business Conduct Program. This service is essential to promoting a culture of ethical conduct and ensuring compliance with legal and regulatory requirements;
22 23		<ul> <li>Assisting in the preparation for responding to major emergencies, pandemics, and disasters in order to ensure continued operations;</li> </ul>
24 25 26 27 28		<ul> <li>Performing executive communications functions, including assisting with presentations by senior leadership and those made at Board of Directors meetings, and providing oversight of internal and external communications to ensure they accurately present information regarding SPS and Xcel Energy to consumers and the public;</li> </ul>
29 30 31 32		<ul> <li>Writing and production of the Xcel Energy Annual Report that is provided to the SEC, scripting of earnings calls, writing of financial reports and quarterly shareholder communications, and supporting the Investor Relations department in the preparation of reports and materials;</li> </ul>
33 34		• Coordination and management of the meetings of the SPS Operating Company Board of Directors, the Xcel Energy Board of Directors

1 2 3 4	meetings, and board committee meetings. The Corporate Secretary & Executive Services staff acts as a communication liaison outside of meetings between the Xcel Energy and SPS management teams and the Board of Directors;
5 6 7 8	Retention and oversight of the process for compensating the independent directors of the Xcel Energy Board of Directors, including the filing of appropriate forms at the SEC and reporting in annual proxy and other financial reports;
9 10 11 12 13	Developing the annual Corporate Responsibility Report, which provides extensive information on the efforts of Xcel Energy and its affiliates, including SPS, in meeting financial, environmental, and sustainability guidelines. It is distributed on the Xcel Energy website and made available to customers;
14 15	Compiling various comparison studies, such as the Average Electric Rate Comparison Study and electric FERC costs comparison;
16 17	Promoting SPS's Saver's Switch® program, which is SPS's direct load control program for residential and small commercial customers;
18 19	Building customer awareness for billing and payment programs and products and services that are available to SPS's customers;
20 •	Promoting digital tools such as online enrollment forms for use by SPS's customers;
22 23 24 25	Writing and developing communications for SPS's customers about products and services of SPS. This includes business area projects and regulatory-required materials such as messaging included with monthly bills about rates;
26 27 28	Researching, writing, and disseminating information regarding outages, in coordination with other business areas, to ensure that accurate information is made available to SPS's customers;
29 30 31 32	Providing some web and social media content development and management, including creation and maintenance of material that is posted on www.XcelEnergy.com. This material includes investor relations, public safety, and community projects;
33 34 35 36 37	Providing creative and communication support to advertising campaigns on public safety and energy conservation issues such as "Call Before You Dig" and "Overhead Electric Safety" to be deployed in the SPS service territory. Facilitating communications with employees through writing, production, and design of print and electronic communications regarding

1 2		SPS and Xcel Energy business and operational activities and best practices, and in order to deliver training;
3 4 5 6 7		<ul> <li>Providing graphic design and production services for all types of written and visual communications in conjunction with other business areas, including designing messaging included with monthly bills, messages explaining rate changes, energy efficiency messaging, and customer safety messages for SPS's retail customers;</li> </ul>
8 9 10		<ul> <li>Providing video production services, which are most frequently employed to assist in educating and informing employees, including providing training for SPS's employees, particularly in the area of safety; and</li> </ul>
11 12 13		<ul> <li>Providing overall guidance in the development of corporate strategy and Operating Company-specific strategic initiatives, goals, and business plans in alignment with those of the corporation.</li> </ul>
14	Q.	Are any of the Corporate Secretary & Executive Services class of services
15		that are provided to SPS duplicated elsewhere in XES or in any other Xcel
16		Energy subsidiary such as SPS itself?
17	A.	No. Within XES, none of the services grouped in the Corporate Secretary &
18		Executive Services affiliate class are duplicated elsewhere. No other Xcel Energy
19		subsidiary performs these services for the Operating Companies. In addition, SPS
20		does not perform these services for itself.
21	Q.	Do SPS's Texas retail customers benefit from the services that are part of the
22		Corporate Secretary & Executive Services class of services?
23	A.	Yes. The services of the Corporate Secretary & Executive Services affiliate class
24		benefit SPS's customers in many ways. For example, the services of the
25		Corporate Secretary & Executive Services affiliate class support the functions of
26		the SPS and Xcel Energy Boards of Directors. All publicly traded corporations
27		are required to have a board of directors in order to function as legal entities. The
28		role of the Xcel Energy Board of Directors includes setting policies and

overseeing operating and financial performance. Its functions are critical to the ongoing operations of Xcel Energy and SPS, ensuring their ability to operate and provide power to customers. The services of the class ensure that in the event of a major disaster, SPS would be resilient and able to provide continuity of service to customers. The services of the class also ensure that customers receive access to helpful information regarding various topics including billing and payment programs, Saver's Switch®, and public safety. In addition, the overall guidance provided in the development of corporate strategy and Operating Company-specific strategic initiatives, goals, and business plans serves to support efficient, reliable, and safe Operating Company operations.

### 11 Q. What is the makeup of the Xcel Energy Board of Directors?

A.

At the end of the Updated Test Year, the Xcel Energy Board of Directors consisted of 13 members, who provide a diversity of utility and non-utility industry governance experience, work experience, and areas of expertise. Twelve of the Board members at the end of the Updated Test Year were independent outside directors who are compensated for their service. In addition, there was one non-independent director who does not receive additional compensation for serving on the Board.

### 19 Q. Has the composition of the board fluctuated recently?

A. Yes. The Xcel Energy bylaws allow for no fewer than seven and no more than 15 directors. The philosophy of Xcel Energy is to maintain between 10 and 13 directors, with the exact number dependent upon how the individual director qualifications and the combined skills of the Board as a whole meet Xcel

Energy's governance, regulatory, and business needs. Consideration is also given
to the need to maintain continuity on the Board as retirements occur. In keeping
with public company governance best practices, Xcel Energy has mandatory age
retirements for its directors as well as mandatory maximum years of service to the
board. In the past few years, as existing directors have met the age or years of
service retirement terms, Xcel Energy has worked to recruit new directors. With
the increasing responsibility that directors on public company boards face,
recruitment of qualified and willing potential candidates that fill specific talent or
experience vacancies often takes considerable time, and, thus, the numbers have
varied.

# 11 C. The Corporate Secretary & Executive Services Class of Services 12 are Provided at a Reasonable Cost

- Q. Are the costs of the Corporate Secretary & Executive Services class of services reasonable?
- Yes. The costs of the Corporate Secretary & Executive Services class of services are reasonable. Because the services are provided centrally through XES, the costs of the services are shared among multiple affiliates. In addition, because services are acquired for multiple entities, overall costs are reduced as a result of economies of scale. For example, SPS pays only a small fraction of the costs associated with the Xcel Energy Board of Directors, as opposed to carrying 100% of the costs associated with an independent Board of Directors.

1		I. Additional Evidence
2	Q.	Is there additional support for a portion of the expenses that you present in
3		this testimony?
4	A.	Yes. Of the estimated Updated Test Year costs for the Corporate Secretary &
5		Executive Services class, 74.1% are compensation and benefits costs for XES
6		personnel. SPS witnesses Michael T. Knoll and Richard R. Schrubbe establish
7		that the level of Xcel Energy's compensation and benefits is reasonable and
8		necessary.
9		2. Budget Planning
10	Q.	Is a budget planning process applicable to the Corporate Secretary &
11		Executive Services class of affiliate costs?
12	A.	Yes. Annual O&M budgets are created for the Corporate Secretary & Executive
13		Services organization, using guidelines developed at the corporate level. Each
14		manager within the Corporate Secretary & Executive Services department
15		carefully reviews historical spend information, identifies changes that will be
16		coming in the future, and analyzes the costs associated with those changes prior to
17		submitting a proposed budget. The budgeting process is discussed in more detail
18		by SPS witness Adam R. Dietenberger.
19	Q.	During the fiscal year, does the Corporate Secretary & Executive Services
20		department monitor its actual expenditures versus its budget?
21	A.	Yes. Actual versus expected expenditures are monitored on a monthly basis by
22		management in the Corporate Secretary & Executive Services department. The
23		deviations are discussed and evaluated as to the anticipated impact to the

1		approved budget at the end of the year. Actions are developed to mitigate
2		variations in actual to budgeted expenditures. These mitigation actions may either
3		reduce or delay other expenditures so that overall expenditures are in compliance
4		with the authorized budget.
5	Q.	Are employees within the Corporate Secretary & Executive Services
6		department held accountable for deviations from the budget?
7	A.	Yes. All management employees in the Corporate Secretary & Executive
8		Services department have specific budgetary goals that are incorporated into their
9		performance evaluations. Performance is measured on a monthly basis to ensure
10		adherence to the goals and develop action plans to address variances. All
11		Corporate Secretary & Executive Services employees are required to manage their
12		expenses to support the budgetary goals established by their manager.
13		3. Cost Trends
14	Q.	Please state the dollar amounts of the actual per book charges from XES to
15		SPS for the Corporate Secretary & Executive Services class of services for
16		the three fiscal years preceding the end of the Updated Test Year and the
17		estimated per book charges for the estimated Updated Test Year.
18	A.	The following table shows, for the fiscal years 2016, 2017, and 2018 (calendar
19		years), the actual per book, and, for the Updated Test Year, the estimated per
20		book affiliate charges (Column I on Attachment AHG-RR-A) from XES to SPS
21		for the services grouped in the Corporate Secretary & Executive Services affiliate

class:

14

	(	(Per Book) Charges Over Time							
Class of Services	2016	2017	2018	Updated Test Year (Estimated)					
Corporate Secretary & Executive Services	\$3,138,576	\$2,860,320	\$2,993,103	\$2,489,582					

### 2 Q. What are the reasons for this trend?

- A. The overall decrease in charges from 2016 through the Updated Test Year is largely attributable to the implementation of lean management practices, including reassigning work responsibilities to reduce headcount and maximize team performance, in order to achieve greater operational excellence.
  - 4. Staffing Trends
- Q. Please provide the staffing levels for the Corporate Secretary & Executive
   Services class of services for the three fiscal years preceding the end of the
   Updated Test Year and the Updated Test Year.
- 11 A. The following table shows, for the fiscal years 2016, 2017, and 2018 (calendar years) and for the Updated Test Year, the average of the end of month staffing levels for the Corporate Secretary & Executive Services class of services.

Table AHG-RR-3

	Average of End of Month # of Staff									
Class of Services	2016	2017	2018	Updated Test Year (Estimated)						
Corporate Secretary & Executive Services	74	68	65	64						

1	Q.	What are the reasons for this trend?
2	A.	The decrease in staffing between 2016 and 2018 was primarily due to the attrition
3		of employees and reassigning work responsibilities to operate at a lower
4		headcount.
5		5. Cost Control and Process Improvement Initiatives
6	Q.	Separate from the budget planning process, does the Corporate Secretary &
7		Executive Services affiliate class take any steps to control its costs or to
8		improve its services?
9	A.	Yes. The Corporate Secretary & Executive Services organization continually
10		reviews its plans and initiatives and staffing to ensure they are appropriate and to
11		identify and implement improvements. Staffing levels are increased only when it
12		becomes apparent that there will be a long-term need for a specific type of
13		expertise that is not currently on staff, when work levels appear to have increased
14		on a permanent basis and are not able to be absorbed within current staffing, or
15		when systematic employee transfers result in the need to replace staff.
16		Conversely, staff is decreased when the opposite trends become apparent.
17 18	D.	The Costs for the Corporate Secretary & Executive Services Affiliate Class of Services are Priced in a Fair Manner
19	Q.	For those costs that XES charges (either directly or through use of an
20		allocation) to SPS for the Corporate Secretary & Executive Services affiliate
21		class of services, does SPS pay any more for the same or similar service than
22		does any other Xcel Energy affiliate?

No. The XES charges to SPS for any particular service are no higher than the

XES charges to any other Xcel Energy affiliate. The costs charged for particular

- 6 0. How are the costs of the Corporate Secretary & Executive Services affiliate 7 class billed to SPS?
- 8 A. My Attachment AHG-RR-B(CD) shows all of the costs in this class broken out by 9 activity and, in conjunction with Column C in my Attachment AHG-RR-A, shows 10 the billing method associated with each activity. My Attachment AHG-RR-A, shows the allocation method (Column D) associated with each billing method
  - In SPS's 45-day case update, I will present updated Attachments AHG-RR-A and AHG-RR-B(CD) so that the entries for the last three months of the Updated Test Year provide actual data and conform to the information provided for the first nine months. In the event the predominant billing methods and associated allocation methods for the Corporate Secretary & Executive Services affiliate O&M expenses on my updated Attachments AHG-RR-A and AHG-RR-B(CD) differ from those discussed below, I will explain those differences in supplemental testimony in SPS's 45-day case update filing.
- 21 Q. What are the predominant allocation methods used for billing the costs that 22 SPS seeks to recover for the Corporate Secretary & Executive Services 23 affiliate class of services?
- 24 Approximately 99.94% of the requested XES charges to SPS for this class were A. 25 charged using one of the following four billing allocation methods:

- Assets, Revenue, & Number of Employees 71.95% of XES charges to SPS \$842,397.26;
- Number of Employees 20.12% of XES charges to SPS –
   \$235,452.51;
  - Direct Billing 6.62% of XES charges to SPS \$77,516.43; and
  - Number of Customers 1.25% of XES charges to SPS \$14,645.45.

- Q. Why is it appropriate to allocate costs based upon the "Assets, Revenue, and Number of Employees" method for the costs captured in the cost centers that use that allocation method?
  - The three factor allocation method using assets, revenue, and number of employees produces an allocation of costs that recognizes the complexity, risk, and overall business activity levels that drive the costs included in the cost centers and measures the benefits received from those activities. For the cost centers billed using this allocator, there is no one specific cost driver for the support tasks and services provided, and the services benefit multiple Xcel Energy affiliates. For example, the costs associated with conducting meetings of the Xcel Energy Board of Directors, which are collected in Cost Center 200075, are assigned using this allocation method. Within the Xcel Energy holding company group, those legal entities that have proportionately more assets, revenues, and employees will have more focus placed on their operations due to those subsidiaries' relative influence on the consolidated business balance sheet, income statement, and statement of cash flow, and the subsidiaries will benefit accordingly from the services provided. Thus, allocating these costs based upon the average of the total asset ratio, revenue ratio, and the employee ratio is appropriate because it allocates costs in accordance with cost causation and benefits received. Ms.

Schmidt discusses this billing method in more detail in her testimony. For the
cost centers that assign costs based upon this allocation method, the per unit
amounts charged by XES to SPS as a result of the application of this allocation
method are no higher than the unit amounts billed by XES to other affiliates for
the same or similar services and represent the actual costs of the services.

A.

- Why is it appropriate to allocate costs based upon the "Number of Employees" method for the costs captured in the cost centers that use that allocation method?
  - For the cost centers that use the "Number of Employees" method as the allocator, the costs are driven by the services provided to employees. For example, Cost Center 200163, which uses the "Number of Employees" method as the allocator, captures costs associated with designing and printing communications to employees. The cost driver for these services is the number of employees to whom the communications are directed. Thus, this cost center allocates costs among the Xcel Energy legal entities based upon the proportionate share of employees of each Xcel Energy legal entity (i.e., the number of employees of a particular legal entity as a percentage of the total number of employees of all of the legal entities). This allocation method is appropriate because it reflects the cost causation and the distribution of the benefits of the services received. For the cost centers that assign costs based upon this allocation method, the per unit amounts charged by XES to SPS as a result of the application of this allocation method are no higher than the unit amounts billed by XES to other affiliates for the same or similar services and represent the actual costs of the services.

1	Q.	Why is the "Direct Billing" method appropriate for assigning the costs
2		captured in the cost centers that use that allocation method?

16

17

18

19

- A. For the cost centers that are assigned using the "Direct Billing" method, the costs normally reflect work that was performed specifically for SPS only. In some cases, however, the direct billing occurred after the application of an off-line allocator that tracks the relevant cost drivers. In either situation, the cost centers charged using the "Direct Billing" method are appropriate because the assignment of costs is in accordance with the distribution of benefits for the services received. For example, labor costs for an individual serving as the primary communication and public relations representative for the SPS jurisdiction were assigned using the "Direct Billing" method. The cost of these services benefited SPS, the work was performed specifically for SPS alone, and the cost driver is work done for SPS. Thus, the "Direct Billing" method is appropriate because it assigns costs in accordance with cost causation and benefits received. For the cost centers that assign costs using Direct Billing, the per unit amounts charged by XES to SPS are no higher than the unit amounts billed by XES to other affiliates for the same or similar services and represent the actual costs of the services.
- Q. Why is it appropriate to allocate costs based upon the "Number of Customers" method for the costs captured in the cost centers that use that allocation method?
- A. For the cost centers that use the "Number of Customers" method as the allocator, these costs are driven by the customers to whom the programs are directed. For

example, Cost Center 200153 that uses the "Number of Customers" method as the
allocator, collects costs associated with public safety communications and
advertising. Thus, this cost center allocates costs among the Operating
Companies based upon the proportionate share of customers of each Operating
Company (i.e., the number of customers of a particular Operating Company as a
percentage of the total number of customers of all of the Operating Companies).
This allocation reflects cost causation and the distribution of the benefits of the
services received. For the cost centers that assign costs based upon this allocation
method, the per unit amounts charged by XES to SPS as a result of the application
of this allocation method are no higher than the unit amounts billed by XES to
other affiliates for the same or similar services and represent the actual costs of
the services.

Q.

A.

- You have covered the allocation methods used to bill 99.94% of the costs associated with this affiliate class. Why have you not specifically covered the remaining 0.06% of the costs of this class?
- I have described the predominant allocation methods associated with this affiliate class. The remaining costs are billed using two different allocators, no one of which is used to bill more than 0.04% of the costs. In light of the number of remaining allocators, cost centers (billing methods), and relative dollar amounts, I have not gone into a detailed discussion of these other allocation methods in order to keep the discussion to a manageable level. The cost centers (billing methods) used to charge the remaining 0.06% of the costs in this class, however, are presented in my Attachment AHG-RR-B(CD), discussed earlier. A reader may

1	reference that attachment and then refer to the specific cost center (billing
2	method) summary provided in Ms. Schmidt's Attachment MLS-RR-13 for an
3	explanation of the particular allocators used and the cost drivers for the activities
1	reflected in that particular cost center.

- Q. Have you determined that the costs reflected in the remaining 0.06% of costs associated with this class of services have been billed using an appropriate billing method and allocation method?
- 8 A. Yes. I, or one of my staff working at my direction, have reviewed each of the cost 9 centers and the associated allocators used to bill the remaining 0.06% of the costs 10 of this class. The cost drivers reflected in the allocation method used to bill the costs of each cost center (billing method) are consistent with and reflect the cost 12 drivers of the services captured in each particular cost center (billing method). 13 Therefore, the billing methods and allocation methods are appropriate because the 14 allocation of costs is in accordance with the distribution of the benefits received 15 by SPS and are no higher than the per unit costs charged to other affiliates for the 16 same or similar types of services.
- 17 Q. Does this conclude your pre-filed direct testimony?
- 18 Yes. A.
