**ELECTRIC VEHICLE CHARGES**

**SCHEDULE EVC**

**DEFINITIONS**

**Residential Home Charging Service**

Service that provides level 2 charging equipment to Residential Customers that have completed the necessary Customer Service Agreement.

**Multi-Unit Dwelling – Shared Parking Service**

Service that provides Level 2 charging equipment for shared parking areas that can be utilized by multiple EV drivers. The electric service for the charging equipment will be assessed to the property owner or site manager through one of the Commercial rate options provided in the Customer Service Agreement.

**Multi-Unit Dwelling – Personal Parking Service**

Service that provides Level 2 charging equipment for parking areas that are assigned to a single tenant. The electric service for the charging equipment will be assessed to the individual tenants under the applicable residential rate schedule with any residual unbilled volumes and the service and facilities charge billed to the property owner or site manager through one of the residential rates under which tenants take electric service.

**Fleets and Workplace Charging Service**

Service that provides a level 2 charging to electric vehicle fleets and workplaces. The Company will provide a new meter dedicated to the EV parking and will serve the load through one of the Commercial rate options provided in the Customer Service Agreement.

ELECTRIC VEHICLE CHARGES

SCHEDULE EVC

RULES AND REGULATIONS

Service supplied under this schedule is subject to the terms and conditions set forth in the Company's Rules and Regulations on file with the Commission and the following conditions:

1. For Commercial and Industrial Customers, service under this Schedule is only available for Customers taking Secondary Voltage service.
2. Service supplied under this rate schedule is subject to the terms and conditions set forth in the contract between Customer and the Company.
3. Customers taking Residential Home Charging Service can terminate service under this rate schedule at any time. If termination occurs in years 1 through 10 of the Customer Service Agreement, Customers will be charged a \$200 fee to cover the Company's removal costs for the Level 2 Charging Equipment.
4. Separate charges and terms and conditions apply to Multi-Unit Dwelling shared parking service and to Multi-Unit Dwelling personal parking service.
5. Customers taking Multi-Unit Dwelling personal parking service must agree that their energy usage will be measured and billed through the Level 2 charging equipment assigned to the tenant and not based on the Customer's meter-recorded energy usage. Rules and Regulations concerning meter-based billing and energy usage measurement therefore do not apply to these customers but do apply to the property owner or site host that is financially responsible for any residual unbilled volumes.
