NOTICE OF REVISION TO THE GAS COST ADJUSTMENT ON LESS THAN STATUTORY NOTICE OF PUBLIC SERVICE COMPANY OF COLORADO
3500 BLAKE STREET, DENVER, COLORADO 80205

You are hereby notified that Public Service Company of Colorado ("Public Service") has filed with the Colorado Public Utilities Commission ("Commission"), in compliance with the Public Utilities Law, an application for permission to revise its Gas Cost Adjustment ("GCA") tariff on less than thirty days' notice. The adjustment will become effective October 1, 2026, if the application is granted by the Commission.

The purpose of the revision in the GCA is to reflect a decrease in the forecasted costs of natural gas for the months of October, November, and December 2026. The proposed revision to the GCA results in an estimated decrease of $373,529 in Public Service's revenue for the months of October, November, and December 2026, when compared to the amount of revenue estimated using current GCA rates. The annual revenue resulting from the proposed Fourth Quarter 2026 GCA rates would be $804,161 less than the annual revenue that would have been collected assuming the currently effective GCA rates for the third quarter of 2026 were to be in effect for the period October 1, 2026, through September 30, 2027. A summary of the proposed revision to the GCA rates, by customer class, is provided below.
