

**NOTICE OF PUBLIC SERVICE COMPANY OF COLORADO  
 1800 LARIMER STREET, DENVER, COLORADO 80202-5533  
 TO REVISE ITS PIPELINE SYSTEM INTEGRITY  
 ADJUSTMENT RIDER**

You are hereby notified that Public Service Company of Colorado (“Public Service” or the “Company”) has filed with the Colorado Public Utilities Commission (“Commission”), in compliance with the Public Utilities Law, Advice No. 927 – Gas to revise its Pipeline System Integrity Adjustment (“PSIA”) rider in its Colorado P.U.C. No. 6 – Gas tariff to become effective on May 1, 2018, if approved by the Commission.

The principal proposed change is to decrease the Company’s PSIA rider, applicable to all gas sales and gas transportation rate schedules in the Company’s Colorado P.U.C. No. 6 – Gas tariff to become effective May 1, 2018. This revision accounts for the updated tax rate due to the passing of the Federal Tax Cut and Jobs Act (“TCJA”). The decrease in the PSIA reflects the estimated impacts of the TCJA on the costs recovered through this rider in 2018. This requires the reevaluation of federal deferred tax assets and liabilities and bonus depreciation due to the lower tax rate. This estimate will then be trueed up through the Commission approved PSIA rider true up process.

The current PSIA is \$0.04690 per therm. It became effective January 1, 2018 and was based on a revenue requirement of \$89,182,064. The proposed PSIA is \$0.03888 per therm and is based on a revenue requirement of \$81,329,592.

The resulting effect of this filing would decrease the Company’s annual gas revenues by \$7,852,472 based on the twelve-month period ending December 31, 2018.

The following table shows the current and proposed total monthly bill impacts for the major rate schedules assuming average usage and average demand.

Current and Proposed Total Monthly Bill Comparison
