

DAY OF SERVICE FAQs

SEPT. 13–14, 2024

What is Day of Service?

Each September, Day of Service brings together thousands of Xcel Energy employees, retirees, customers and community members to volunteer with nonprofit organizations in our service territories. It is Xcel Energy's largest company volunteer event.

Why does Xcel Energy host Day of Service?

In 2010, Xcel Energy introduced Day of Service to honor the anniversary of September 11. Each year, support has grown as Day of Service enables us to come together to thank individuals and organizations that serve and support our communities and country.

Who can volunteer?

Xcel Energy employees, contractors, retirees, family members, Xcel Energy customers and community members can volunteer. Day of Service is also a great opportunity for school groups, sports teams and companies to volunteer together.

When can you volunteer?

Projects are available Friday, Sept. 13 through Saturday, Sept. 14. Project availability, locations and dates vary.

How can I participate in Day of Service?

Many projects are available to the general public throughout our service footprint. Shift capacity varies depending on the location and type of project. Visit our volunteer website to review available projects and [volunteer slots](#).

How do I sign up?

Sign up by visiting Xcel Energy's Day of Service [volunteer website](#).
