

# DAY OF SERVICE FAQs

SEPT. 8-9, 2023

## What is Day of Service?

Each September, Day of Service brings together thousands of people to volunteer for a wide range of projects with nonprofit organizations in Xcel Energy's service territories. It is Xcel Energy's largest company volunteer event.

## Why does Xcel Energy host Day of Service?

Day of Service began in Colorado in 2010 to honor the anniversary of September 11 and has continued to grow. It is our company's way of thanking individuals and organizations serving our communities and country all year.

## Who can volunteer?

Xcel Energy employees, contractors, retirees, family members, Xcel Energy customers and community members can volunteer. Day of Service is also a great opportunity for school groups, sports teams and companies to volunteer together.

## When can you volunteer?

Projects are available Friday, Sept. 8 through Saturday, Sept. 9. Project availability, locations and dates vary.

## What cities will have projects?

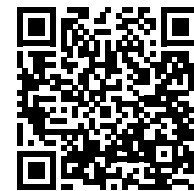

Xcel Energy is offering projects to the general public in cities throughout our service footprint in Colorado and Minnesota.

## How do I sign up?

Sign up by visiting Xcel Energy's Day of Service **volunteer website**.
