Table 1: Storage Tank Draw Pattern

Draw pattern	First Hour Rating (FHR) storage tank
Medium	51 to 75 gallons
High	76 gallons or more

Rebate details
Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your HVAC contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility.

Application details
Account holder applications must be postmarked no later than September 30 of the year following purchase date of qualifying equipment.

No phone calls will be accepted to provide equipment verification.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a returned application.

Xcel Energy reserves the right to refuse payment and participation if the customer or contractor violates program rules and procedures. Xcel Energy is not liable for a rebate promised to a customer as a result of a contractor misrepresenting the program. Xcel Energy does not expressly or implicitly warrant the performance of installed equipment (contact your contractor for detailed equipment warranties).

All information on the receipt or invoice must match the information on the rebate application or the application will not be processed.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may be performed after rebate payment at Xcel Energy's discretion

Special promotions
During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Xcel Energy will not pay special promotion incentive dollars in the event that a form is lost or not postmarked by the deadline. No exceptions. Promotional rebate amounts will be automatically calculated by Xcel Energy. Promotion deadlines close at midnight on the date the application is due, with no exceptions.

Help with forms
If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

If you have questions while filling out this form, please contact your HVAC contractor or retailer for assistance. Please allow at least six weeks for your rebate to arrive. Rebates for equipment in new homes may take longer than six weeks to process.

Qualifying account holders
Xcel Energy natural gas residential account holders in North Dakota are eligible for rebates when buying qualifying, high-efficiency, new natural gas water heaters (reconditioned equipment is not eligible). Property owners or landlords who are listed on the Xcel Energy account associated with this rebate may sign for and receive rebates for installed equipment.

If more than one unit is installed at an address, one application per unit is required to receive a rebate for each unit.

Participants understand they are not eligible to receive a rebate for this improvement earned under a different Xcel Energy Rebate program.

Table 2: Single rebate table

Fuel type	Equipment	Minimum UEF	Rebate
Natural gas	Storage tank (medium draw)	≥ 0.64 UEF	$75
Natural gas	Storage tank (high draw)	≥ 0.68 UEF	$75
Natural gas	Tankless	≥ 0.87 UEF	$250

Rebates for new home construction should be negotiated between the builder and buyer to determine who receives the rebate.

Limitations
Rebate qualifications and amounts are subject to change any time. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/HomeRebates or call 800.895.4999 to determine whether any program changes have occurred.

Qualifying equipment
Only natural gas water heaters listed on the AHRI directory (ahridirectory.org) or ENERGY STAR® site (energystar.gov) are eligible for rebate. Efficiency ratings are determined using the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). There is no limit to the number of water heater rebates. Indirect units and water heaters with rated storage volume greater than 55 gallons are not eligible.

Submitting an AHRI or ENERGY STAR certificate with your application and invoice is highly recommended. The AHRI list of qualifying equipment is dynamic and changes frequently.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.

Send to Xcel Energy (and keep a copy):
1. Your purchase receipt/invoice, with these details:

- ☐ Install/purchase date
- ☐ Account holder name
- ☐ Installation address
- ☐ Manufacturer
- ☐ Model number
- ☐ Serial number
- ☐ Size or capacity
- ☐ Uniform Energy Factor (UEF)

2. This rebate form, completely filled out
Contractors and customers keep a copy of the application form and invoice.
