Contractor signature (leave blank if self-installed) _____ Date _____

Xcel Energy copy: white Contractor/retailer copy: yellow Account holder copy: pink 23-10-505 CRS 1961

Rebate details
Xcel Energy issues rebates in the form of checks or utility bill credits. ACH payments are available to customers enrolled in Autopay through 'MyAccount'. Xcel Energy is not responsible for inaccurate information provided by other sources about the amount and/or condition of the actual rebate or equipment eligibility. Account holders may allocate rebates to alternate rebate recipients by completing the Alternate Rebate Recipient section on the rebate form. For information on specific rebate amounts or qualifying equipment, visit: xcelenergy.com.

Application details
Account holder applications must be postmarked no later than September 30th of the year following installation of qualified equipment.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice with specific equipment must accompany complete information on the front of this form.

Xcel Energy reserves the right to refuse payment and participation if the account holder or contractor violates program rules and procedures. Xcel Energy is not liable for rebates promised to account holder as a result of a contractor misrepresenting the program or providing inaccurate information.

All information on the receipt or invoice must match the information on the rebate application or the application will be returned.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. Your assistance is greatly appreciated.

Limitations
Rebate qualifications and amounts are subject to change anytime. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/HomeRebates or call 800-895-4999 for more information.

Special promotions
During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Promotional rebate amounts will be automatically calculated by Xcel Energy.

Help with forms
If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

Rebates for new home construction should be negotiated between the builder and resident or new home buyer to determine who receives the rebate.

If you have questions while filling out this form, please contact your contractor or retailer for assistance. Please allow up to eight weeks for your rebate to arrive.

Qualifying account holders
Xcel Energy electric residential account holders in New Mexico are eligible for rebates when buying qualifying, high-efficiency electric heat pump water heaters (reconditioned equipment is not eligible).

The program is applicable only for the purchase and installation of qualifying new water heaters sold by participating contractors or retailers for installation in new or replacement applications where electric is supplied by Xcel Energy.

If more than one unit is installed at an address, one application per unit is required to receive a rebate for each unit. Participants understand they are not eligible to receive a rebate for this improvement earned under a different Xcel Energy rebate program.

Fuel Type	Equipment	Rebate
Electric	Heat Pump Water Heater	$500

Note: Local, state or federal tax credits or rebates may also be available for energy-efficient home improvements. Ask your tax advisor or visit energystar.gov.

Qualifying equipment
Only equipment listed on the AHRI site (ahridirectory.org**— residential section only) or ENERGY STAR® site (**energystar.org**) are eligible for rebate.** Efficiency ratings are determined using the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). Indirect units and commercial water heaters are not eligible. Water heaters with a rated storage volume of 55 gallons or more are not eligible. 120 volt heat pump water heaters and gas water heaters are not eligible. Submitting an AHRI or ENERGY STAR certificate with your application and invoice is highly recommended. The AHRI list of qualifying equipment changes frequently. AHRI certificates that are printed and sent in with the rebate application will be honored even if the equipment is no longer listed on the website.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.

Send to Xcel Energy (and keep a copy):
1. Your purchase receipt/invoice, with these details:

Contractor-installed		Self-installed
☐ Install/purchase date ☐ Account holder name ☐ Installation address	☐ Manufacturer ☐ Model number ☐ Serial number ☐ Size or capacity ☐ Uniform Energy Factor	☐ Install/purchase date ☐ Itemized equipment purchased

2. This rebate form, completely filled out
Contractors keep a copy of the application form and invoice.

Send complete application materials to:
