

READY TO RECYCLE? WE CAN HELP.

ALWAYS delivering.

It's **FREE** to recycle your standard, compact fluorescent light (CFL) bulbs. Just take your used standard bulbs to a participating retail store near you. (See participating retailer list below.)

We'll also give you 50 cents off of the recycling fee, when you recycle fluorescent tubes and high intensity discharge (HID) lamps. Simply present a coupon with your bulbs at a participating store near you. Bulb recycling is good for the environment, and it's the law.

Fluorescent bulbs and HID lamps contain a small amount of mercury that is harmful to

the environment. In Minnesota, it is illegal to dispose of the spent mercury lamps in household trash receptacles.

Bulb recycling is as easy as a trip to your local hardware store, and we'll help pay the recycling fee.

Need more information or coupons?
Visit xcelenergy.com.
