

READY TO RECYCLE? WE CAN HELP.

It's **FREE** to recycle your standard, compact fluorescent light (CFL) bulbs. Just take your used standard bulbs to a participating retail store near you. (See the participating retailer list on the back of this page.)

We'll also give you 50 cents off of the recycling fee, when you recycle fluorescent tubes and high intensity discharge (HID) lamps. Simply present a coupon with your bulbs at a participating store near you. Bulb recycling is good for the environment, and it's the law.

Fluorescent bulbs and HID lamps contain a small amount of mercury that is harmful to the environment. In Minnesota, it is illegal to dispose of the spent mercury lamps in household trash receptacles.

Bulb recycling is as easy as a trip to your local hardware store, and we'll help pay the recycling fee.

Plus, you can get discounts on select LED bulb replacements at participating stores. Visit xcelenergy.com/HomeLighting to learn more.

FREE CFL recycling

or 50¢ off fluorescent tube & HID lamp recycling
