

### Rebate details

Xcel Energy issues rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible for inaccurate information provided by other sources about the amount and/or condition of the actual rebate or equipment eligibility. Account holders may allocate rebates to alternate rebate recipients by completing the Alternate Rebate Recipient section on the rebate form. For information on specific rebate amounts or qualifying equipment, visit: [xcelenergy.com](https://xcelenergy.com).

### Application details

Account holder applications must be postmarked no later than July 31 of the year following completion of eligible services. More information is available at [xcelenergy.com/HomeRebates](https://xcelenergy.com/HomeRebates).

Applications must be completely filled out.

No phone calls will be accepted to provide verification of this information.

A copy of the dated sales receipt or paid invoice must accompany complete information on the front of this form. The audit invoice must specify all required information. Failure to complete this information will result in a returned application.

Xcel Energy reserves the right to refuse payment and participation if the account holder or contractor violates program rules and procedures.

**All information on the receipt or invoice must precisely match the information on the rebate application or the application will be returned.**

### Limitations

Rebate qualifications and amounts are subject to change anytime. Our rebate programs may be cancelled with 30 days notice.

Please visit us at [xcelenergy.com/HomeRebates](https://xcelenergy.com/HomeRebates) or call 800-895-4999 for more information.

### Special promotions

During special promotions for this program, it is the account holder/audit contractor's responsibility to ensure all paperwork is postmarked by the deadline. No exceptions. Promotional rebate amounts will be automatically calculated by Xcel Energy.

### Help with forms

If you have questions while filling out this form, please contact your audit contractor for assistance. Please allow up to eight weeks for your rebate to arrive. You can call 800-895-4999 for status of your application.

### Qualifying account holders

Colorado Residential Xcel Energy natural gas and/or electric customers are eligible for home energy audit rebates. Infrared audits are available only to customers who have natural gas service, a combination of natural gas and electric services, or electric service with electric space heating. Account holders with electric only service and have another utility providing gas service do not qualify for the infrared audit.

The Home Energy Audit must be completed by an approved audit contractor using the approved energy modeling software.

Xcel Energy residential account holders are required to use a current Home Energy Audit contractor to be eligible to receive the program rebate. Please visit [xcelenergy.com/COTrades](https://xcelenergy.com/COTrades) to find a participating audit contractor.

Audit type	Rebate
Infrared Audit	60% of the cost, up to \$200 rebate
Blower Door Audit	60% of the cost, up to \$160 rebate
Standard Audit	60% of the cost, up to \$100 rebate

Note: Local, state or federal tax credits or rebates may also be available for energy-efficient home improvements. Ask your tax advisor or visit [energystar.gov](https://energystar.gov).

### Qualifying Home Energy Audits

Customers are only eligible to receive an Xcel Energy Home Energy Audit rebate once every two years. This program is designed for single family dwellings, not larger than a fourplex. Participating audit contractors must use the approved energy modeling software to complete the audit and send the software generated report to the customer within five business days of completing the audit. Homes with vermiculite, asbestos or black mold should not receive a blower door test, and are not eligible for a Blower Door Audit or Infrared Audit rebate.

Customers must have received the audit report before submitting the Home Energy Audit rebate application.

The Home Energy Audit is not free. Customers must submit payment for the Home Energy Audit service to their contractor prior to submitting the rebate application.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.
