Remarks \_\_\_\_\_

**At the above-described premise, the installation was done in compliance with the provision of all applicable codes, safety standards and Xcel Energy service rules.** Xcel Energy is not responsible for customer owned equipment past the point of delivery and will not inspect customers' wiring for adequacy, safety, or compliance with applicable electrical codes on the customer's side; such responsibility remains with the customer and authorities having jurisdiction. If the customer is signing, the customer acknowledges and agrees to a general release, and further expressly waives and assumes the risk of any and all claims for damages which exist as a result whether known or unknown to exist, whether through ignorance, oversight, error, negligence or otherwise, and which, if known, would materially affect customers decision to sign this document. The installation is now ready for connection.

**Homeowner must own and primarily reside in home to sign off on inspection for installing, modifying, and/or repairing electrical service and equipment. Applicable to Disconnect/Reconnect Work Only; Meters cannot be removed and/or off prior to work performed.**
