Dear Interruptible Gas Customer,

Thank you for your continued participation in our Interruptible Gas Rates program from Xcel Energy. As you prepare for the upcoming heating season, please read the important information below. Please scan the QR code below for access to the full information packet and be certain to also pass this information on to others who manage your energy systems.

- **Please plan to attend one of our information meetings or our webinar being held this fall.**

We will provide a refresher on the program and an outlook on the upcoming heating season. Additional information about these in-person meetings and webinar options and how you can RSVP are available in the digital packets, accessible by scanning the QR code below.

- **It is important that we can contact you in the event of a gas curtailment.**

Please take a moment to review the names and contact numbers listed on the contact information sheet to ensure we have the latest contact information. **Contact information must be updated on a yearly basis. (Minnesota customers, please complete or confirm your contact updates on the enclosed Attestation form).**

If you have changes, please update the form and email your contacts to **InterruptibleGas@xcelenergy.com** by **October 13, 2023**. Please be aware that we will use your revised data when we perform a test of our notification system in late October or early November.

- **It's crucial to curtail your natural gas usage during an interruption.**

When we declare an interruptible gas curtailment, it is very important that you limit your usage as agreed upon in your contract with Xcel Energy. Failure to do so will cause your organization to incur substantial penalties.

We will need your updated contact and mailing information by **October 13, 2023**. Please email your contacts to **InterruptibleGas@xcelenergy.com**.

Please review the full Interruptible Gas Rates information packet on our website:

If you have questions, please call your Xcel Energy account manager or our Business Solutions Center at **800-481-4700**, or send an email to **bsc@xcelenergy.com**.

Sincerely,

Xcel Energy

2022-2023

INTERRUPTIBLE GAS RATES PROGRAM

September 2022

Dear Interruptible Gas Customer,

Thank you for your continued participation in our Interruptible Gas Rates program from Xcel Energy.

As you prepare for the upcoming heating season, please read the important information below and in the enclosed information packet. Please be certain to also pass this information on to others who manage your energy systems.

- **Please plan to attend one of our information meetings or our webinar being held this fall.**

We will provide a refresher on the program and an outlook on the upcoming heating season. Enclosed is additional information about these in-person meetings and webinar options and how you can RSVP.

- **It is important that we can contact you in the event of a gas curtailment**

Please take a moment to review the names and contact numbers listed on the contact information sheet to ensure we have the latest contact information. **Contact information must be updated on a yearly basis. (Minnesota customers, please complete or confirm your contact updates on the enclosed Attestation form.)**

If you have changes, please update the form and email your contacts to InterruptibleGas@xcelenergy.com by **October 14, 2022**. Please be aware that we will use your revised data when we perform a test of our notification system in late October or early November.

- **It's crucial to curtail your natural gas usage during an interruption**

When we declare an interruptible gas curtailment, it is very important that you limit your usage as agreed upon in your contract with Xcel Energy. Failure to do so will cause your organization to incur substantial penalties.

If you have questions, please call your Xcel Energy account manager or our Business Solutions Center at **800-481-4700**, or send an email to bsc@xcelenergy.com.

Sincerely,

Xcel Energy

Application

Minnesota

Northern States Power Company

Annual Interruptible Natural Gas Attestation

Beginning with the 2022-2023 winter season, interruptible natural gas customers must annually provide the Company three qualified contacts to receive notice of curtailment and attest to the Company they have fully functioning back-up equipment and /or the ability to curtail natural gas use when requested.

[Customer representative] _____, attests

1. The legal name of the customer taking service under the Interruptible Gas Agreement

_____, ("Customer").

2. Street address where customer receives service

_____, Minnesota _____

3. Customer agrees to provide three contacts and include their email, work phone number, and mobile phone/text to receive notice of curtailment from Xcel Energy.

Name: _____

Contact Information: _____

Name: _____

Contact Information: _____

Name: _____

Contact Information: _____

If all attached contacts are unchanged check here: ☐

To the extent the Customer does not have three qualified contacts, Customer attests that it is unable to have three qualified contacts and is aware that the Customer is obligated to curtail service when requested. Customer representative Initials, if applicable: _____

4. Customer further attests to the following:

- Customer agrees to curtail use of natural gas to the extent and for the periods requested by the Company.
- Customer agrees to install and maintain suitable standby facilities if necessary to curtail usage per the terms of the Interruptible Gas Agreement.
- Customer agrees to have available and sufficient standby fuel for periods of curtailment.
- The operational and functionality of the back-up equipment is the sole responsibility of the Customer.
- Failure to maintain the back-up equipment or failure to curtail represents a breach of the terms of interruptible service and may result in termination of the Interruptible Gas Agreement and penalties.

| Application | |
|--|-----------|
| Business Solutions Center 800-481-4700 | Minnesota |

Northern States Power Company

When curtailment of the use of natural gas is required, Company agrees whenever possible to give Customer the time reasonably necessary (at least one hour) to make such change-over or take such action as necessary to curtail gas use.

- 5. Customer will provide such additional information as Xcel Energy determines necessary to support this Application.
- 6. I acknowledge that this attestation may be provided to the Minnesota Public Utilities Commission and/or other Minnesota regulatory agencies. Information contained in this attestation are trade secrets of the Applicant and will be provides as protected data pursuant to the Minnesota Government Data Practices Act.

INTERRUPTIBLE GAS RATES PROGRAM

SPECIAL NOTICE

For customers without automated meter reading

As one of Xcel Energy's interruptible gas customers, your cooperation during a curtailment period is critical. To ensure that your back-up energy source is working effectively during a curtailment, we need to obtain meter readings immediately after the curtailment starts and again when you switch back to Xcel Energy natural gas. **If your gas meter automatically communicates with Xcel Energy, you may disregard this notice.** If you do not have automated meter reading equipment, you will need to take meter readings manually.

Customers with Metretek data collection devices are not required to send in meter reading cards. The Metretek data collection device is located near your meter and is wired to the gas meter. The device is about 6" W x 6" H x 2" D in size and has the manufacturer's name "Metretek" printed on the outside. The device also has a phone line attached. If you can't find a Metretek device near your meter, you will need to manually read your meter.

Enclosed in your packet are a number of "Gas Curtailment Meter Reading" cards. When you are notified of a curtailment, you will need to take meter readings. Take the reading after you switch to your alternative energy supply and again at the end of the curtailment when you revert back to Xcel Energy natural gas. Please fill out this card or take a clear, readable picture of your meter number and the dials. Email the completed card or the date and timestamped picture (JPG or PNG format) to **InterruptibleGas@xcelenergy.com** within **five business days**.

Fulfillment of the gas curtailment meter testing requirements is very important. Your cooperation in performing these readings will help avoid the need to conduct a curtailment test and will ensure that your company can remain on Xcel Energy's interruptible gas rate.

If you have any questions about this procedure, please contact your Xcel Energy representative or our Business Solutions Center at **800-481-4700**, or email **bsc@xcelenergy.com**.

INTERRUPTIBLE GAS RATES PROGRAM

2022-2023 PROGRAM INFORMATION

This folder contains important information and procedures regarding the Xcel Energy Interruptible Gas Rates Program, in which your organization is currently enrolled.

PACKET CONTENTS:

- 2022-2023 notification procedure
- Hotline number and script
- Interruptible gas curtailment history for your region
- Special notice for customers **without** automatic meter reading
- Contact information sheet
- Program penalties
- Attestation form (Minnesota customers only)

The Interruptible Gas Rates Program is offered to Xcel Energy customers who agree to curtail their gas usage. If Xcel Energy calls a natural gas interruption, it is critical that you limit your natural gas usage. Failure to do so will cause firm rate customers to experience a loss of natural gas and your company to incur substantial penalties. It is important that your employees are prepared.

Please take a moment to complete these steps:

- Before the upcoming winter season, share the information in the enclosed folder with all employees who may be affected when Xcel Energy calls a natural gas interruption.
- Make sure you have an adequate supply of standby fuel on hand.
- **Verify and/or update the information on the Contact Information Update sheet and Attestation form (for Minnesota customers) included in the packet. Please email contact updates to InterruptibleGas@xcelenergy.com.**
- Use Xcel Energy's toll-free Interruptible Gas Curtailment Hotline number to obtain information regarding the likelihood of a natural gas interruption. The hotline number is listed on the enclosed materials, including a business card for easy reference.

Xcel Energy utilizes an automated calling system to contact your company in the event of a natural gas interruption. Please refer to the enclosed notification procedure and calling script for detailed information about this system.

If you have questions about any piece of information in the folder, please contact your Xcel Energy representative or our Business Solutions Center at **800-481-4700** or email **bsc@xcelenergy.com**.

Thank you for your cooperation.

INTERRUPTIBLE GAS RATES PROGRAM

2022-2023 NOTIFICATION PROCEDURE

1. The Xcel Energy notification system calls with a recorded message informing you to curtail.
(See the curtailment script included in this packet.)
2. You confirm receipt of the message by pressing the number "1" or saying "confirm." **Note:** If you receive a call from our notification system, at least one or all of your interruptible gas rate facilities is affected. If you have multiple facilities on the interruptible gas rate and your contact information is identical for each facility, you will receive only one interruption call.
3. Switch your equipment to an alternate fuel. **Note:** You do not have to call Xcel Energy back to confirm the switch to an alternate fuel.
4. If you **cannot switch** to your alternate fuel, contact your Xcel Energy representative or our Business Solutions Center at **800-481-4700**.
5. When the interruption is over, the notification system will call you with a release message.
(See the release script included in this packet.)
6. Confirm this message by pressing "1" or saying "confirm."
7. Switch your equipment back to natural gas at your convenience.

Please note that the automated notification system will be calling you twice: once for the start of the curtailment and once for the release.

OTHER IMPORTANT INFORMATION:

- If the automated notification system does not receive confirmation that you received the message, it will make several additional attempts to contact you. If unsuccessful, it will continue to call the other contact numbers you have provided.
- There is an Interruptible Gas Curtailment Hotline available, which you can call anytime to listen to a recorded message regarding the status of natural gas curtailment at Xcel Energy. In Minnesota and North Dakota call **888-852-6748**; in Wisconsin and Michigan call **800-336-4010**.
- Despite our efforts to convert all Interruptible Gas customers to the required automated gas meter reading system, some of our smaller Gas Volume Interruptible customers will be given meter-reading cards and asked to take meter readings immediately before and after curtailments. Customers with automated Metretek data collection devices are not required to send in meter reading cards.
- The Metretek data collection device is connected to the gas meter and is about 6" W x 6" H x 2" D in size. It has the manufacturer's name 'Metretek' printed on the outside. The device also has a phone line attached. If you can't find a Metretek device near your meter, please take the readings on the cards provided. Please mail or scan in and send the cards to your account manager or **InterruptibleGas@xcelenergy.com** within 5 business days of the control period.

INTERRUPTIBLE GAS RATES PROGRAM

INTERRUPTIBLE GAS RATES CONTROL PERIOD SCRIPT
MINNESOTA | NORTH DAKOTA

MINNESOTA/NORTH DAKOTA GAS HOTLINE: 888-852-6748

CURTAILMENT SCRIPT

Hello, this is Xcel Energy calling with urgent information for natural gas interruptible customers. Please press "1" or say "one" to hear the message. Please press "2" or say "two" to hold so you can transfer the call.

Today is _____ (date). At the end of the message, we will request that you acknowledge this message.
Effective at (time) _____ a.m./p.m. on (date) _____ a natural gas interruption is called for
customer priority level(s) _____. You are requested to go off system gas at that time.

Unless your meter is equipped for automatic reporting to Xcel Energy over the telephone, please remember to record the gas meter reading on the cards that were provided by Xcel Energy. If you have questions regarding this interruption, please call 800-481-4700 or your local Xcel Energy representative.

Once again, effective at (time) _____ a.m./p.m. on (date) _____ a natural gas interruption is called for
customer priority level(s) _____.

This is important. Please press "1" or say "confirm" to acknowledge receipt of this message. If you wish to hear this message again, please press the # key.

Thank you for your cooperation. Goodbye.

RELEASE SCRIPT

Hello, this is Xcel Energy calling with urgent information for natural gas interruptible customers. Please press "1" or say "one" to hear the message. Please press "2" or say "two" to hold so you can transfer the call.

Today is _____ (date). At the end of this message, we will request that you acknowledge this message.
Effective at (time) _____ a.m./p.m. on (date) _____ the curtailment period is over for customer
priority level(s) _____, and you are released to switch back to using natural gas as your primary fuel at
your convenience.

Unless your meter is equipped for automatic reporting to Xcel Energy over the telephone, please remember to record the gas meter reading on the cards that were provided by Xcel Energy. If you have any questions regarding this curtailment release, please call 800-481-4700 or your local Xcel Energy representative.

This is important. Please press "1" or say "confirm" to acknowledge receipt of this message. If you wish to hear this message again, please press the # key.

Thank you for your cooperation. Goodbye.

INTERRUPTIBLE GAS RATES PROGRAM

PENALTIES

When natural gas curtailments are called, we are counting on you as an Interruptible Gas Rates Program customer to go off system gas and switch to your alternate fuel source. If you stay on system gas, it creates planning hardships that could result in the loss of service to other customers. You may not be called to interrupt every winter; however, interruptions are always possible during cold weather months. Control days vary every winter season.

As a program participant, you receive a discounted charge for natural gas service 12 months of the year. In return, Xcel Energy may count on you to interrupt your natural gas usage during periods of peak use in the winter season. If unauthorized use of natural gas occurs during a control period, we are required by tariff to take back some of those savings in the form of penalties.

IN MINNESOTA:

- In addition to your usual rate, penalties equal the higher of \$5-\$10/therm or an amount equal to any incremental cost incurred by Xcel Energy resulting from a customer's failure to curtail or interrupt. Significant additional penalties will incur for repeated failures to control. If a customer fails to curtail twice during the same gas season, the penalty will escalate from \$5/therm to \$10/therm for any additional penalties incurred.

IN NORTH DAKOTA:

- In addition to your usual rate, penalties equal either the amount of any payment Xcel Energy is required to make to its pipeline supplier under the terms of its town border contract as a result of such failure to curtail, or \$5/therm of gas used in excess of the gas volume which the customer is requested to curtail, whichever amount is greater.

IN WISCONSIN AND MICHIGAN:

- The penalty for unauthorized use is \$2/therm **unless** the interstate pipeline has issued a "Critical Day" or other similar designation, in which case the penalty for unauthorized use is the higher of the actual interstate pipeline penalty or \$10/therm.

OTHER POSSIBLE ADDITIONAL PENALTY PIPELINE CHARGES:

- For customers taking service on Company gas distribution systems connected to Northern Natural Gas Company (NNG): If NNG calls an operational flow order, system operation limitation (SOL) or Critical Day, the additional charge for unauthorized use is equal to the Northern daily delivery variance charge or Critical Day charge in effect, as defined in NNG's tariff on Sheet No. 53, for such day, multiplied by customer's unauthorized use volume.
- For customers taking service on Company gas distribution systems connected to Viking Gas Transmission Company (VGT): If VGT calls an operational flow order, the additional charge for unauthorized use is equal to the unauthorized overrun charge in VGT's Rate Schedule LMS in effect, as defined in VGT's tariff on Sheet No. 5C, for such day, multiplied by customer's unauthorized use volume.

RADIO
“Natural Gas - Fun Fact” :30s (CO, MN, ND, WI, MI)

VO: FUN FACT ABOUT SMELLS: YOU CAN'T IMAGINE THEM. THEY REALLY HAVE TO BE THERE.

SO IF YOU SMELL A BAD SMELL THAT SMELLS LIKE ROTTEN EGGS, YOU COULD ACTUALLY BE SMELLING NATURAL GAS.

AND THAT MEANS YOU ACTUALLY NEED TO GET OUT OF THERE. FAR AWAY.

FARTHER THAN THAT. THEN CALL 9-1-1.

GET MORE SAFETY TIPS AT [XCELENERGY.COM/SAFETY](https://www.xcelenergy.com/safety).

XCEL ENERGY.

**SAFETY IS A
POWERFUL
RESPONSIBILITY.**

When millions of people rely on you for their energy, you hold a lot of power in your hands, which includes the power to protect. That's why we trust a team of nearly 3,000 utility professionals to deliver energy right to your door, safely.

For ways YOU can stay safe, visit [xcelenergy.com/Safety](https://www.xcelenergy.com/Safety).

**STAY SAFE. CALL 811
BEFORE YOU DIG.**

Whether it's a major project or just some gardening, be sure to call 811 before any digging. It's smart. It's easy. And it helps keep everyone safe.

For more information visit [xcelenergy.com/Safety](https://www.xcelenergy.com/Safety).

**A CLEAR GAS
METER IS A SAFE
GAS METER.**

If it snows on your meter, brush it off gently to avoid icy build-up that can dangerously interfere with the flow of natural gas to and from your meter. Additionally, carefully shovel around your meter to maintain a clear path to allow quick access in an emergency.

Learn more at [xcelenergy.com/Safety](https://www.xcelenergy.com/Safety).

Northern States Power Company
2024 Test Year
Charitable Contributions

| Gas | 2024 |
|--------------------------|-------------------|
| Charitable Contributions | 267,354.71 |
| Total | 267,354.71 |
| 50% inclusion | 133,677.35 |

The Company is permitted to recover 50 percent of charitable contributions benefiting Minnesota. Because charitable contributions are initially recorded below the line, an adjustment is necessary to include these costs in the test year.

The Company's charitable contributions budget was then further reduced for ratemaking purposes by adjusting the test year budget to reflect the actual 2022 contributions that should remain below the line. This application of a 2022 adjustment to the test year provides consistency and comparability across the test year, bases the adjustment on the most recent year of actual data, and is consistent with the Company's employee expense adjustment process.

Finally, the Company makes the adjustment to include 50 percent of the net foundation funding and Other Donations in its revenue requirement.

Northern States Power Company
2024 Test Year
Association Dues

| Gas | 2024 |
|---------------------------|-------------------------|
| Association Dues Excluded | <u><u>31,427.76</u></u> |

An adjustment is required to remove costs associated with organizational dues that are not allowed for recovery from customers. Consistent with the Commission's June 14, 1982 Statement of Policy on Organizational Dues, the Company is required to reduce administrative and general expenses for either social organizations or organizations not associated with the State of Minnesota.

The Association Dues adjustment for the rate case was based on an allocation of 2022 actual allowances applied to the applicable test year budget. This was done to provide consistency and comparability across the test year and to base the adjustment on the last year of actual data consistent with the employee expense adjustment.

Northern States Power Company

Summary of Research and Development (R&D) Activities Expense for 2024
State of Minnesota - Gas Utility
(\$)

| Item | 2024 NSPM | Percent to NSPM Gas | Percent to MN Gas Jurisdiction | 2024 TY MN Gas Jurisdiction |
|---|------------|------------------------|--------------------------------------|-----------------------------------|
| Low Carbon Resource Initiative ¹ | \$ 489,377 | 6.83% | 88.35% | \$ 29,523 |
| Total | \$ 489,377 | | | \$ 29,523 |

¹ The Low Carbon Resource Initiative or LCRI (\$6.25M over 5 years, 2021-2025) is a focused R&D commitment to develop the pathways to advance low-carbon technologies for large scale deployment. Jointly led by EPRI and GTI, the goal of LCRI is to enable a risk-informed understanding of options and technologies enabling significant economy-wide decarbonization through global partnerships and demonstrations; applied engineering developments and technology acceleration of most promising options. The project expense noted above reflects the portion of the LCRI budgeted costs allocated to the NSPM Gas Utility for 2024.
