Distributed Generation

Applying Online

-You will need to know your Garden Decimal Degree (DD) Coordinates and name to enter your application

-The Garden Name must be unique somewhere, and if it is a duplicate name of any current Garden or Application it will not be approved by the Program

Status 1. Program Approval

- “Step” will be:
 - **Draft** – on Developer to complete Action Items, including the eSign of Deposit form and Interconnection Application Summary
 - Must be Finalized within **30** business days
 - **In Review** – with Xcel Energy
 - **On Hold** – Developer to provide additional items

Program Approval “Action Items”

1. **Contact Information** - Input
2. **Proof of Site Control** – Upload
3. **Solar Garden Application Fee** – e-Payment
4. **State Certification** – Upload
5. **System Details** – Input (Basic Details)
6. **Application Details** – Input (Technical Details)
7. **Program Approval eSign** – e-Signature (2 Forms)
8. **Deposit Confirmation** – Upload

All actions must be Finalized for Xcel Energy review within 30 business days of application creation

Contact Information-Interconnection Customer

Interconnection Customer
(Customer Contact/System Owner)

Company Name

*Full Name

*Phone

*Email

*Is the address the same as the interconnection location?

[Next](#)

- The Full Name has to equal the full LLC Entity
- This email address **CANNOT** match the Application Agent email

> Customer Information

> Application Agent/Company Information

Proof of Site Control

- See MNDIP Section 1.7
 - Sheet No. 10-180
- a. Please refer to the Section 10 tariff for a list of acceptable and example forms of documentation
- b. The **Name** on the documentation supplied as Proof of Site Control must match the name on the Application.
 - i. In the legacy portal, the name on the Application is the "Developer/Owner" field.
 - ii. For Solar Gardens, this will typically be the exact LLC entity that owns the Solar Garden
 - 1. If the site is leased by the Parent Company, an assignment of the lease must be provided:
 - iii. The Assignment of the Lease must tie the Parent Company listed on the lease, to the LLC provided on the Application

Proof of Site Control Cont.

c. The **Location** on the documentation supplied as Proof of Site Control must match the location in the Application

i. No solar garden will have the same listed street address as the property (house) of the farmer they are leasing from

ii. Viable options are:

1. GPS coordinates - matching and in both the lease that match the Application

2. Map or diagram

3. Provide the gardens 911 address from the City/County on the application and list it in the lease

a. Each garden will need the 911 address and documentation later in the interconnection process anyway

Solar Garden Application Fee

- This is an e-Payment fee via the portal
- The e-Payment Training can be found [here](#).
- The Application Fee is \$1200

System Details & Application Details

- System Details (Basic Details)
 - Inverter Details
 - Array Details
 - One Phase vs. Three Phase
- Application Details (Technical Details)
 - AC Nameplate Rating*
 - DER Nameplate Rating*
 - Max Design Fault Current*
 - PCC GPS Coordinates (Decimal Degree Format)*

Example of Details required per Action

Garden Name

- Garden Names that are identical to, or contain key words of other gardens that are already in progress, will not be approved.
- Please utilize the [View the MN Solar Gardens in Progress \(XLS\)](https://www.xcelenergy.com/SolarRewardsCommunity)* * available at www.xcelenergy.com/SolarRewardsCommunity to screen garden names prior to application.
 - Download the XLSX.
 - Filter by “Solar Garden Name” or Column D.
 - Search only for key words, i.e. “Winona” (You will notice that there are three gardens with the name Winona; this example has been grandfathered in, however moving forward new interconnection applications with the same key word will not be approved).
 - Disclaimer: This report is limited to solar gardens In Operation and does not contain applications in early stages. If you have additional questions regarding the availability of your proposed Garden Name, please reach out to SRCMN@xcelenergy.com.

Deposit Confirmation & Program Approval eSign

Required deposit is equal to \$100/kW

- If deposit is made via Escrow with US Bank
 - Upload the Schedule E including the new application, in addition to the email confirmation from US Bank that funds have been received
