

Solar Garden Billing/Mailing Address – Change Request Form

Purpose: To update the mailing address for a solar garden within Xcel Energy’s companywide billing system that both of the following will be sent to:

1. Final interconnection costs: true-up invoice or check
2. All ongoing and standard monthly Xcel Energy bills for house power at the garden site

Instructions:

1. Provide all below information to complete form. If address is not changing, please repeat the correct address so we can ensure your mail will reach you.
2. Save the PDF – leave “Billing/Mailing” in the title, this is how we locate this form!
3. Email completed form to BSC@xcelenergy.com, SRCMN@xcelenergy.com and upload to portal.
4. Xcel Energy’s Business Solutions Center will update mailing address in our billing system for you.
