## Supplier Registration, Data Maintenance and Qualification Response User Guide

## Supplier Registration

Please follow the instructions below to register your company as an Xcel Energy Supplier.

Dear Xcel Energy Supplier:

Xcel Energy uses both SAP (our ERP system) and an electronic sourcing application, Emptoris, to solicit bids and write contracts. In order to receive invitations to future sourcing events (RFI, RFQ, RFP, Contracts or Auctions), you must first be registered as an approved Xcel Energy Supplier.

### How to Register your Company

\*Please verify that your company has not already registered with Xcel Energy.

To register, follow the steps below:

- 1) Go to the following website: [https://www.xcelenergy.com/working\\_with\\_us/suppliers](https://www.xcelenergy.com/working_with_us/suppliers)
- 2) Click on the link labelled "SAP Registration Link "
- 3) This will open the SAP-SLC Supplier Registration Page. You must fill in the fields identified below fields to complete your registration. Fields that are not required to be filled in are indicated.

**ALL ENTRIES MUST BE MADE USING UPPER CASE LETTERS** (Note: Drop down menu selections will not be in upper case.)

#### Data Privacy Statement

- a. Read the “Data Privacy Statement/Xcel Energy Terms of Use”. Check the box next to “Xcel Energy Terms of Use” and click the “Send” button to submit your registration.

If you do not receive email responses containing your user name and password within 4 business days, please contact the Supply Chain Hotline at (303) 628-2644 or [supplychainhotline@xcelenergy.com](mailto:supplychainhotline@xcelenergy.com).

**YOU MUST KEEP YOUR PASSWORD IN A LOCATION WHERE YOU WILL REMEMBER IT. THE PROCESS FOR RESETTING YOUR PASSWORD MAY TAKE UP TO 3 DAYS.**

You can work with your IT department and ensure that the system generated e-mails coming from our eSourcing application are not blocked or quarantined by your email system. Your IT department may need to “White list” our system email address: Give this information to your IT department contact:

- 1) **Xcel Energy eSourcing Notification** is the label.
- 2) **eSourcing\_admin@xcelenergy.com** is the email address.

Once you have successfully completed the registration form and Xcel Energy clears your registration, the system should generate the following messages within 4 business days of your registration:

**Note to Potential Suppliers: Xcel Energy is moving to an “invitation based” registration process. Registration initially will be entered into the SAP system. Once “sponsored” or requested by a Supply Chain member, you may receive the emails described below.**

**1. The first email message will look similar to the following:**

**From:** Sell Side Supplier data maintenance eSourcing\_Admin@Xcelenergy.com  
**Date:** Wed 10/5/2016 10:45AM  
**To:** Scott Supplier <youremailaddress@yourcompany.com>  
**Subject: Your Xcel Energy supplier registration has been completed**

Dear Scott Supplier,

We are pleased to welcome you as supplier DEMO SUPPLIER AAA.  
The user ID K7AGOISXDIYV has been generated for you.

Please click the following URL to log on to the system with this user ID within the next 31 days:  
[https://saprd4di00.erp.xcelenergy.com:8001/sap/bc/bsp/srsmc/ros\\_ext\\_2/ros\\_bsp\\_second.do?sap-client=200&sap-user=K7AGOISXYV](https://saprd4di00.erp.xcelenergy.com:8001/sap/bc/bsp/srsmc/ros_ext_2/ros_bsp_second.do?sap-client=200&sap-user=K7AGOISXYV)

You can then create an Employee Administrator user. With this user you have access to all supplier qualification functions and to the user administration.

Thank you.  
Xcel Energy eSourcing

Please do not reply to this message. This email is an automated notification and replies to this message will not be received.

You will receive your password for registration in a separate e-mail.

**2. The second email message will look similar to the following:**

In addition, the following tools have been provided to assist your organization in responding to sourcing events within Xcel Energy's new eSourcing tool.

- Computer Based Training (CBT's) – Online training modules available in the eSourcing tool through the "Help" and "Tutorial" icons.
- Supplier Quick Reference Guide – Provides a quick guide to definitions, instructions on responding to sourcing events and using the CBT's found at: [https://www.xcelenergy.com/working\\_with\\_us/suppliers](https://www.xcelenergy.com/working_with_us/suppliers)
- Frequently Asked Questions – Provides questions and answers to commonly asked questions, also found at [https://www.xcelenergy.com/working\\_with\\_us/suppliers](https://www.xcelenergy.com/working_with_us/suppliers).

## Supplier Data Maintenance and Qualification Responses

After you receive your SAP-SLC login you will be able to create an administrator account that will allow you to update your company information; for example create additional users, update addresses, phone numbers, bank information, respond to qualifications sent by Xcel Energy and attach documents to your company's profile.

- 1) Once you receive your SAP-SLC email, select the link in the email and login with your initial system generated password.
- 2) After login, you will be presented with the "Create Your Administrator Account" screen. The first person from your company to register will be considered the initial administrator.
  - a. Change your password (minimum 7 characters, alpha and numeric and one special character).
  - b. Set your date format, decimal format and Time Zone.
  - c. Select the Data Privacy Statement box.
  - d. Select the "Create" button.

**Create Your Administrator Account**

User:\* Xcel\_Admin

Password:\*

Confirm Password:\*

**Formats and Settings**

Date Format: DD.MM.YYYY

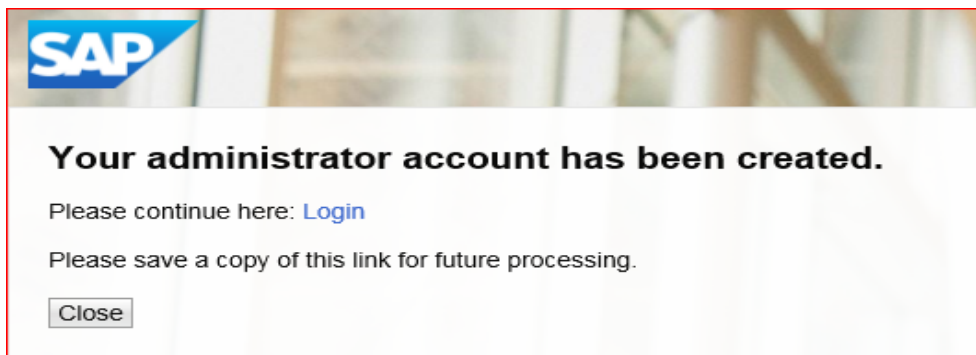

Decimal Format: 1.234.567,89

Time Zone:

**Data Privacy Statement**

This is AAES Data Privacy Statement.

- 3) After selecting the "Create" button the next screen shows your account was created
  - a. Select the "Login" link to proceed into the application.

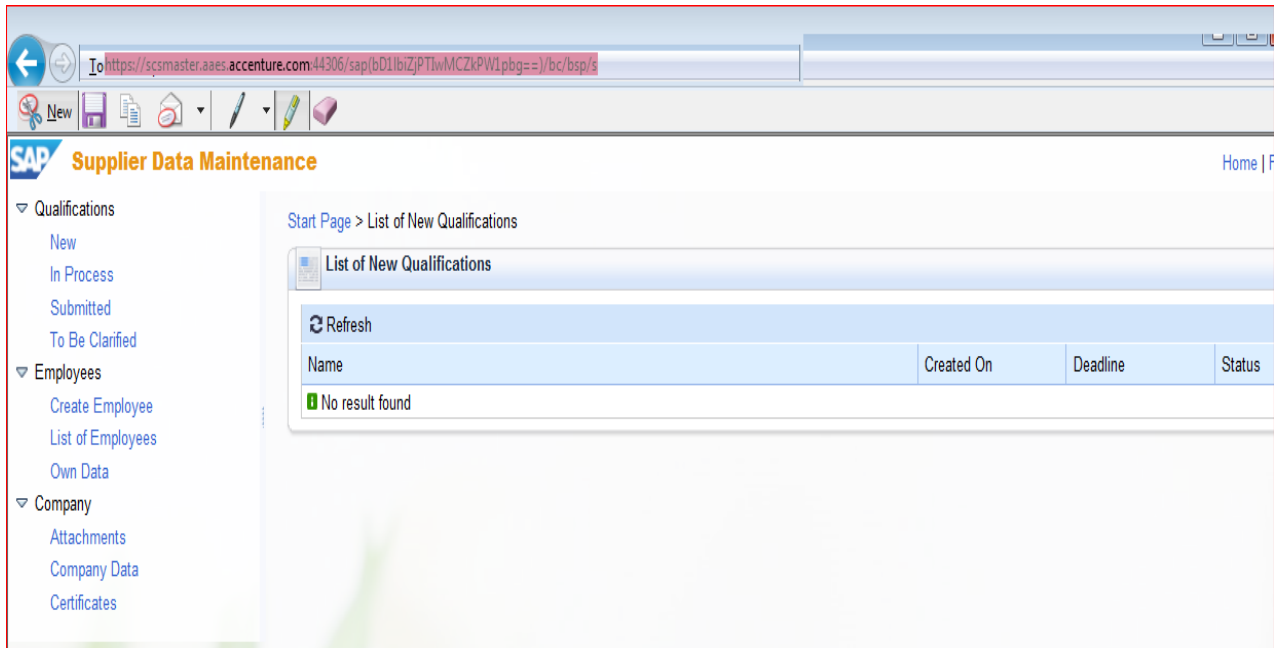

**SAP**

**Your administrator account has been created.**

Please continue here: [Login](#)

Please save a copy of this link for future processing.

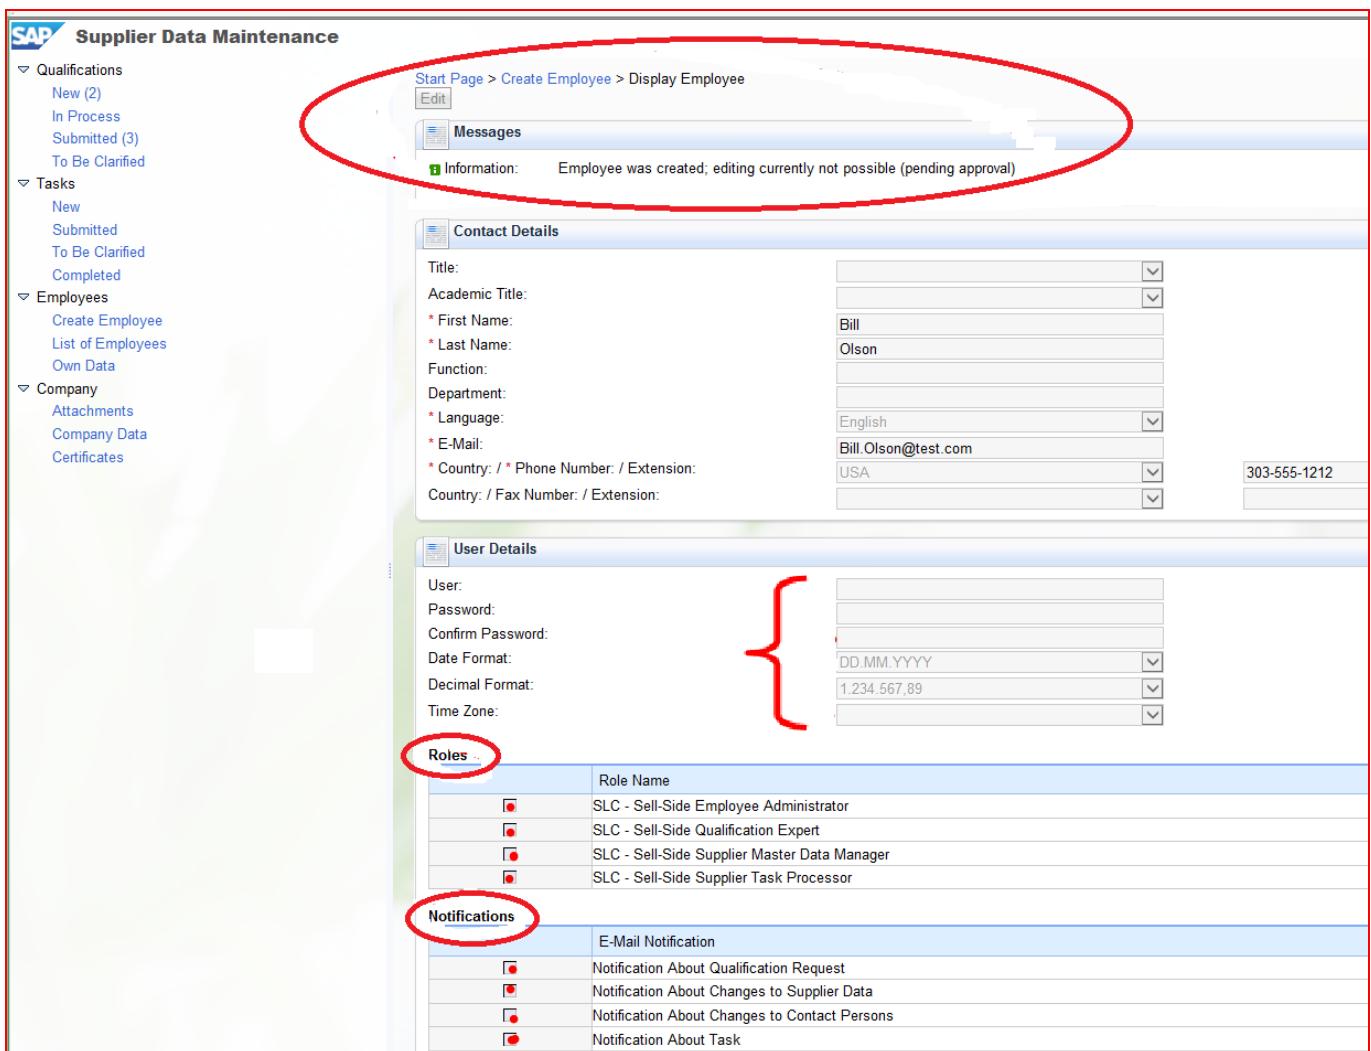

- 4) You will be presented with the “Supplier Data Maintenance” screen.
  - a. From this screen you will be able to:
    - i. Create additional employee accounts for your company.
    - ii. Change company data (phone, address, bank information).
    - iii. Respond to qualifications sent by Xcel Energy.
    - iv. Review submitted qualifications.
    - v. Add attachments to your company’s profile.

The screenshot shows the SAP Supplier Data Maintenance interface. The browser address bar displays the URL: <https://scsmaster.aaes.accenture.com:44306/sap/bD11biZjPTiwMCZkPW1pbg==/bc/bsp/s>. The page title is "Supplier Data Maintenance" with a "Home" link. The left navigation pane includes sections for Qualifications (New, In Process, Submitted, To Be Clarified), Employees (Create Employee, List of Employees, Own Data), and Company (Attachments, Company Data, Certificates). The main content area shows "Start Page > List of New Qualifications" with a "List of New Qualifications" header and a "Refresh" button. Below is a table with columns: Name, Created On, Deadline, and Status. The table contains a single row with the message "No result found".

Name	Created On	Deadline	Status
No result found			

- 5) When your company's administrator creates additional employees Xcel Energy will receive the new user request from the system and grant access. The administrator will see the message below "Employee created; editing currently not possible (pending approval)".
  - a. Once the new user is approved by Xcel Energy, the administrator will receive a notification that the new user is approved and the administrator will update the account with a new username of your choice, password, date format, decimal format and time zone of the user. We also suggest you give all the roles and notifications available. Once the username and password are created by the administrator, communicate the information to your new user.

The screenshot displays the SAP Supplier Data Maintenance interface. A red oval highlights the breadcrumb navigation and the Messages section, which contains the message: "Employee was created; editing currently not possible (pending approval)".

<input checked="" type="checkbox"/> Notification About Changes to Supplier Data
<input checked="" type="checkbox"/> Notification About Changes to Contact Persons
<input checked="" type="checkbox"/> Notification About Task

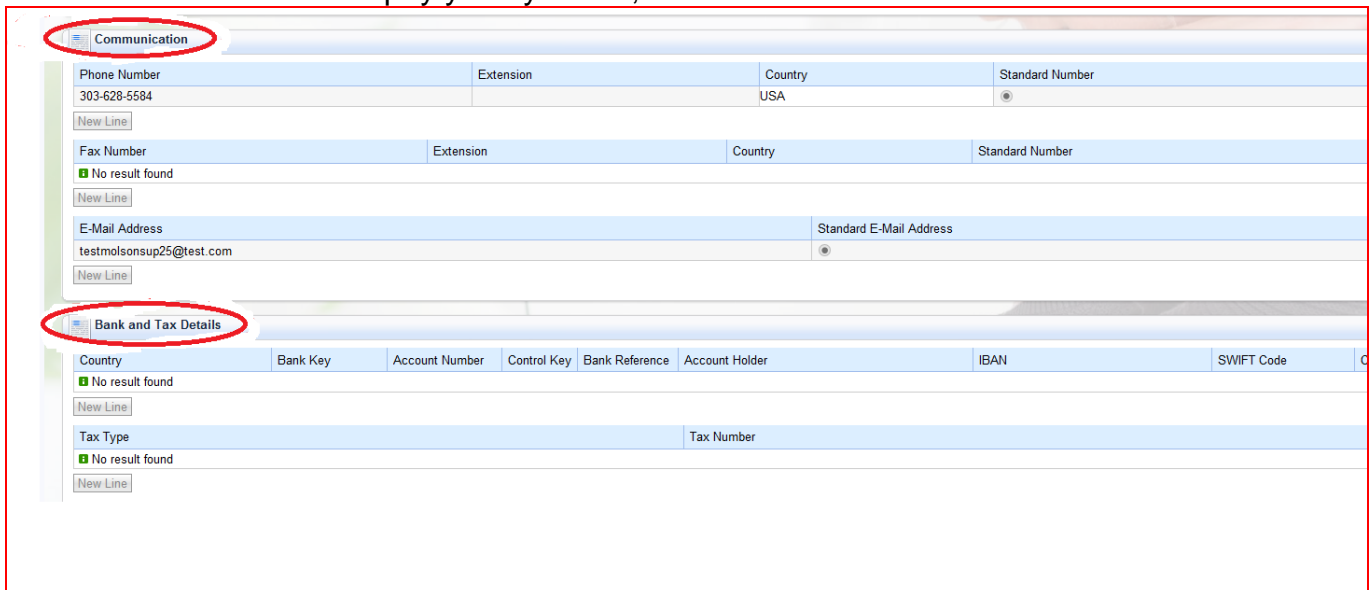

6) Add or update Company data:

- a. In the “General Company Information” section, updates can be made to:
  - i. Company Name.in
  - ii. DUNS Number.
  - iii. Homepage (Web address).
  - iv. Leave the Tax Jurisdiction Code blank and Currency set to US Dollar.
- b. Address information can also be updated.

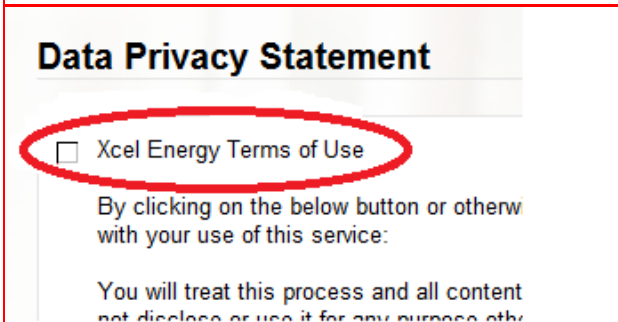

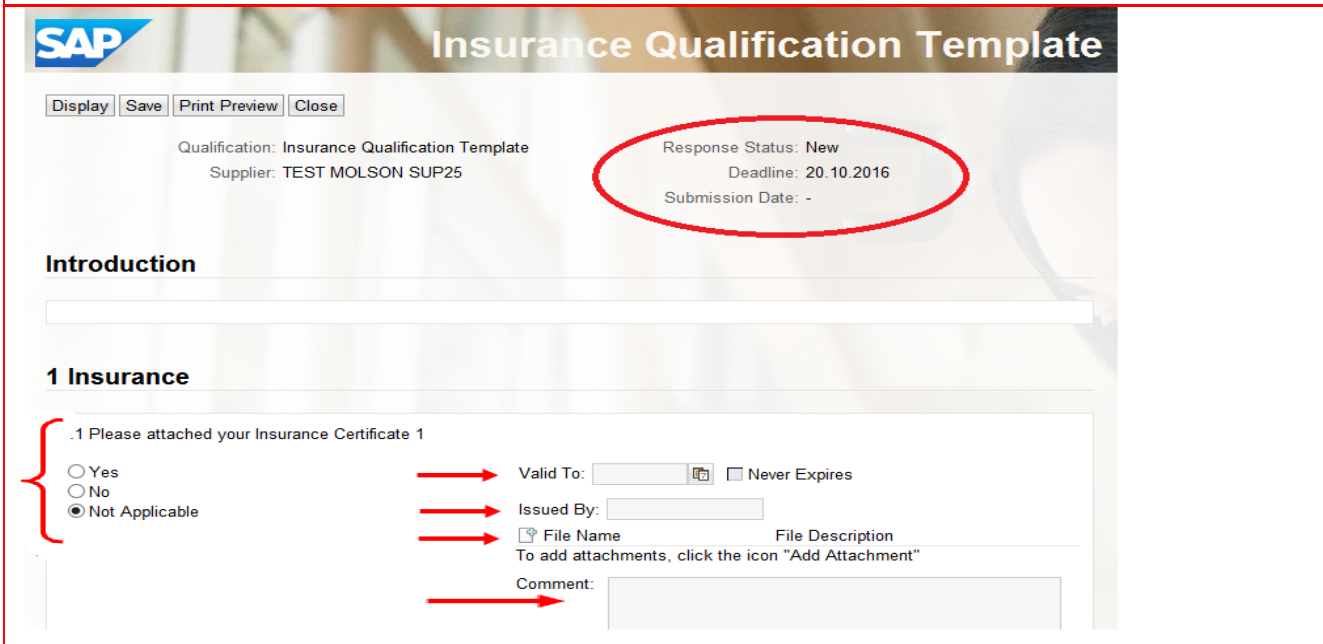

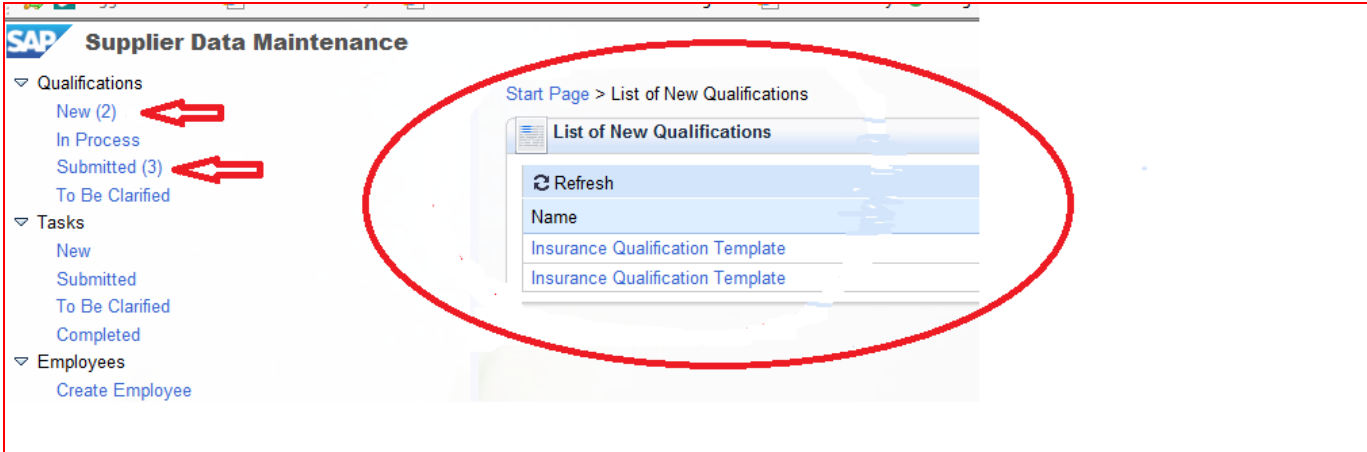

c. Communication and Bank Details can be updated:

- i. Phone & fax numbers, email addresses.
- ii. DO NOT update Bank information unless requested to do so by Xcel Energy. This information should only be updated when we start doing business with your company and need it for electronic bank transfers. If we are to pay you by check, do not enter bank details here.

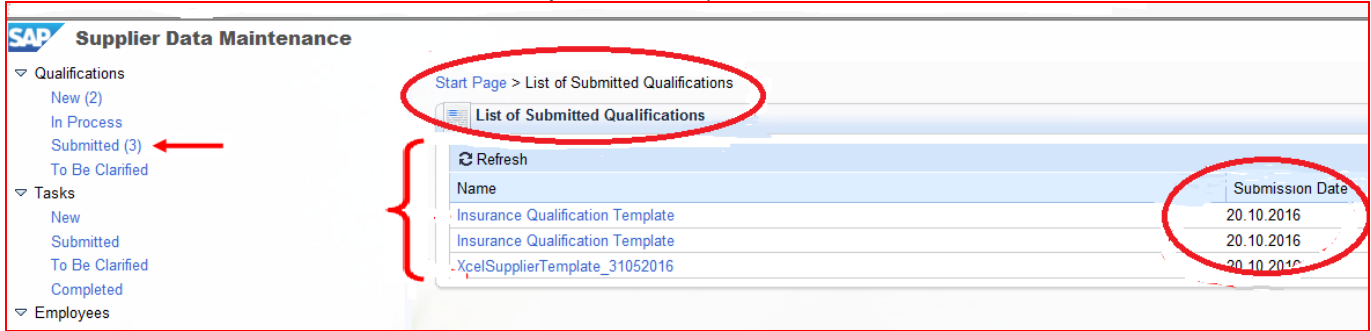

7) Respond to Qualifications from Xcel Energy:

- a. If Xcel Energy needs additional information from your company you might receive qualification request (see picture below).
- b. Select the link to open the qualification and answer the questions as required
  - i. Questions can be “yes” or “No”, single or multiple selections, text boxes or we may ask you to attach a document (for example: a Certificate of Insurance).
  - ii. At the end of the questions select the “Terms of Use” checkbox and press the “Submit” button.

8) Review submitted Qualifications:

- a. Periodically you may want to review the information sent to Xcel Energy through the submitted Qualification section.
- b. Select the link to review the specific qualification (all the data including attachment will be stored within the qualification).

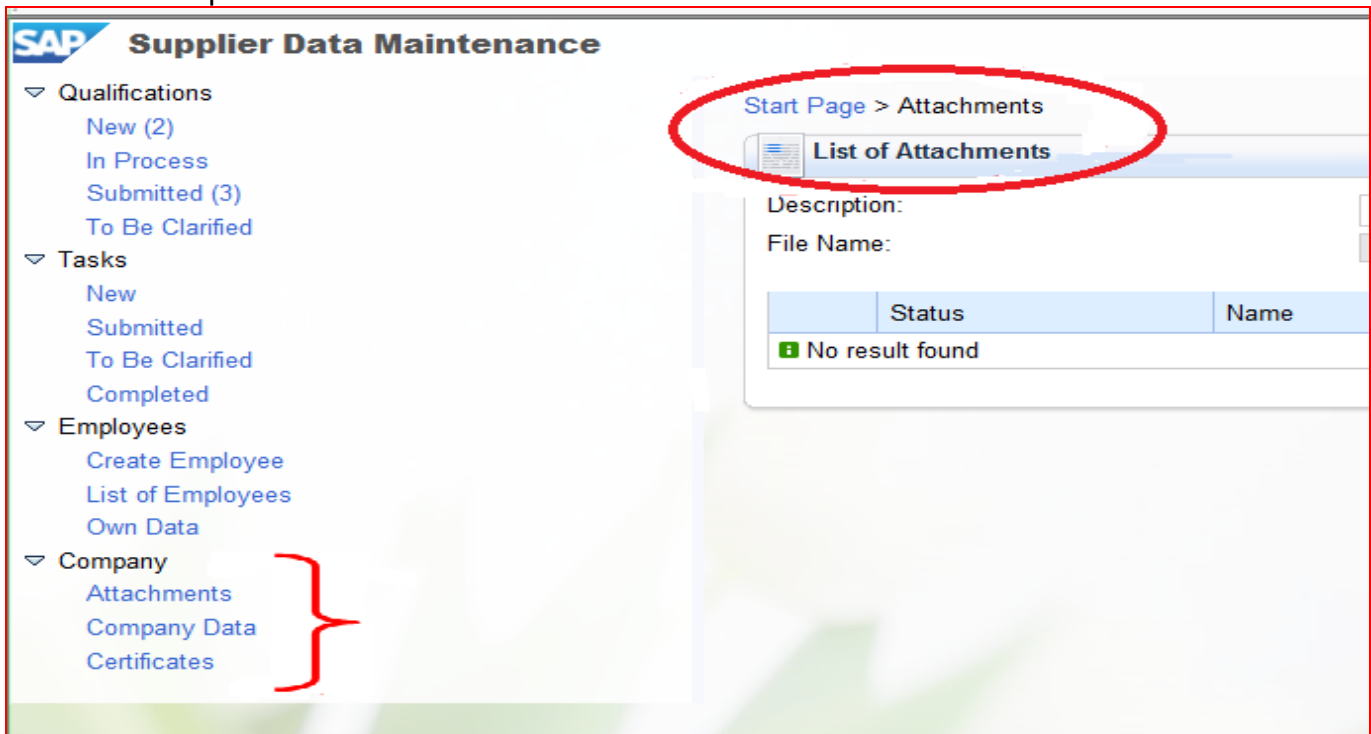

The screenshot shows the SAP Supplier Data Maintenance interface. The breadcrumb trail is "Start Page > List of Submitted Qualifications". The main heading is "List of Submitted Qualifications". A "Refresh" button is visible. Below it is a table with the following data:

Name	Submission Date
Insurance Qualification Template	20.10.2016
Insurance Qualification Template	20.10.2016
XcelSupplierTemplate_31052016	20.10.2016

The "Submitted (3)" link in the left navigation menu is highlighted with a red arrow. The table's "Submission Date" column is circled in red.

9) Attach documents and certificates to your company's profile

- a. Documents will be noted with the file name, description, size and date uploaded and who uploaded the file. These are files you load to keep Xcel Energy informed about your company (e.g. Financial statements).
- b. Certificate information will be shown if during a qualification Xcel Energy asked a certificate type question and you uploaded a certificate. The certificate information would be show in the certificate section. It would also be within the submitted qualification.

The screenshot shows the SAP Supplier Data Maintenance interface for the "Attachments" section. The breadcrumb trail is "Start Page > Attachments". The main heading is "List of Attachments". There are input fields for "Description:" and "File Name:". Below these is a table with the following data:

Status	Name
No result found	

The "Attachments" link in the left navigation menu is highlighted with a red bracket. The breadcrumb trail "Start Page > Attachments" is circled in red.
