## New Construction Program Rebate Application

Opportunity ID: \_\_\_\_\_

### Customer information

Xcel Energy premises numbers: Electric: \_\_\_\_\_ and/or gas: \_\_\_\_\_

Company name \_\_\_\_\_ Date submitted \_\_\_\_\_

Installation address \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_ ZIP \_\_\_\_\_

Mailing address \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_ ZIP \_\_\_\_\_

(For rebate if different from installation address)

Contact name (print) \_\_\_\_\_ Phone \_\_\_\_\_

Contact email\* \_\_\_\_\_ Fax \_\_\_\_\_

Equipment location description (required)

The total project cost: \$ \_\_\_\_\_

(Acceptable expenses include equipment and labor and do not include tax, freight or costs.)

Customer signature \_\_\_\_\_ Date \_\_\_\_\_

This signature is required from the individual tied to the Xcel Energy premises number herein. By signing here, I acknowledge the information in this application is accurate and complete. I confirm I have read, agree with and understand the terms and conditions on page 2 of this application.

### Alternative rebate recipient

**Complete this section only if the customer wants the rebate check to go to someone other than the customer contact tied to the premises number above.**

Company name \_\_\_\_\_ Contact name \_\_\_\_\_

Address \_\_\_\_\_ Phone \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ ZIP \_\_\_\_\_

I authorize the above company to receive the rebate check for this project.

Customer signature \_\_\_\_\_ Date \_\_\_\_\_

Xcel Energy account representative name \_\_\_\_\_ Signature \_\_\_\_\_

### Trade partner information (vendor/contractor information)

Company name \_\_\_\_\_ Trade partner ID# \_\_\_\_\_

Contact name (print) \_\_\_\_\_

Address \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_ ZIP \_\_\_\_\_

Contact email\* \_\_\_\_\_ Phone \_\_\_\_\_

\*By providing your email address, you are granting Xcel Energy permission to send updates or questions via email regarding this project as well as future emails regarding our programs and services.

### Facility characteristics

Is the space air conditioned where the energy-efficient lighting will be installed? Air conditioned Heat only No air conditioning or heat

Please indicate the primary use for this location:

24-hour facility	Healthcare office/out-patient	Office
Big box retail/grocery	Hospital	Restaurant
College/university	Hotel/motel	Retail
Continuous lighting required by code	Manufacturing	Warehouse
Elementary/secondary school	Nighttime/exterior LED fixtures	Other _____

### INTERIOR INSTALLATIONS

New Equipment	Specifications	Non-ENERGY STAR* rebate/unit	ENERGY STAR rebate/unit	Qty. =	Rebate
<b>LED downlight fixtures</b> Rebates are available for new LED downlight fixtures. Non-ENERGY STAR products must meet the ENERGY STAR product eligibility category definition, "Downlight" (recessed, surface mount or pendant), to qualify for the prescriptive rebate. Rebates are based on total new fixture wattage.					
8W–25W	LED downlight wattage per fixture _____	\$18.75/fixture	\$25/fixture		
26W–50W		\$30/fixture	\$40/fixture		

<b>LED screw-in or pin-based lamps and LED retrofit kits for downlights</b>					
A-lamp, PAR, BR, R, MR, Decorative lamps	Select screw-in and pin-based LED lamps and LED downlight solid state retrofit kits are eligible for instant rebates at time of purchase from participating distributors. For more information, visit <a href="http://xcelenergy.com/LightingEfficiency">xcelenergy.com/LightingEfficiency</a> , or visit <a href="http://businessledinstantrebate.com/Locator/Distributors">businessledinstantrebate.com/Locator/Distributors</a> to find a distributor.				
LED retrofit kit for downlights					

New Equipment	Specifications	Non-DLC* rebate/unit	DLC rebate/unit	Qty. =	Rebate
<b>LED direct linear ambient fixtures</b> (For invoices dated on or after March 1, 2020) Rebates are available for direct linear ambient fixtures. The non-DLC products must meet the DLC product eligibility category definition, "Direct Linear Ambient Luminaires" to qualify for a rebate. Rebates are based on total new fixture wattage.					
≤ 35W	LED linear ambient wattage per fixture _____	\$11.25/fixture	\$15/fixture		
36W–60W		\$15/fixture	\$20/fixture		
61W–100W		\$18.75/fixture	\$25/fixture		

<b>LED high/low bay lighting fixtures</b>					
Rebates are available for new LED high/low bay lighting. Non-DLC products must meet the DLC product eligibility category definition, "High-Bay Luminaires/High-Bay Aisle Luminaires/Low-Bay Luminaires for Commercial and Industrial Buildings." If wattage is in question, please reference the DLC listed wattage. Rebates are based on total new fixture wattage. High Bay luminaires must include a permanent LED array of diodes. Fixtures with pin-based tubes are not eligible for this rebate. Rebates for high/low bay fixtures 75W–94W are available for invoices dated on or after March 1, 2020.					
75W–94W	LED high/low bay wattage per fixture _____	\$30/fixture	\$40/fixture		
95W–189W		\$60/fixture	\$80/fixture		
190W–290W		\$67.50/fixture	\$90/fixture		
291W–464W		\$82.50/fixture	\$110/fixture		
465W–625W		\$86.25/fixture	\$115/fixture		

<b>LED refrigerated case lighting</b>					
Rebates are available for new five to six foot LED cooler or freezer case door strip lighting. Non-DLC products must meet the DLC product eligibility category definition, "Vertical Refrigerated Case Luminaires." Rebates are per door, not per lamp. Linear LED tube lights do not qualify for this rebate. Category covers only complete luminaires, with all necessary components.					
5- or 6-foot doors	Number of cooler doors _____	Number of freezer doors _____	Wattage/door ____	\$26.25/door	\$35/door

<b>LED troffer fixtures</b>					
Rebates are new LED troffer fixtures or retrofit kits. Non-DLC products must meet the DLC product eligibility category definitions, "1x4, 2x2, and 2x4 Luminaires for Ambient Lighting of Interior Commercial Spaces". Linear ambient (or "strip") fixtures are not eligible in this category and should be submitted through the Custom Efficiency program. Rebates are based on total new fixture wattage.					
10W–100W	LED troffer wattage per fixture _____ Fixture lumens _____ (Fixture lumens field is required)	\$22.50/fixture	\$30/fixture		

\*To qualify for a rebate, LED products must either be found on or comparable to the DesignLights Consortium's (DLC) Qualified Product and/or ENERGY STAR lists. The DLC QPL is available at [designlights.org/QPL](http://designlights.org/QPL). The DLC establishes specifications for high-efficiency, high-quality commercial lighting solutions and maintains listings of qualified products.

**EXTERIOR INSTALLATIONS**

New Equipment		Non-DLC* rebate/unit	DLC rebate/unit	Qty. =	Rebate	
<b>LED area lighting fixtures</b> Rebates are available for new LED area fixtures. Non-DLC products must meet the DLC product eligibility category definition, "Outdoor Pole/Arm-Mounted Area and Roadway Luminaire" or "Bollard." Rebates are based on total new fixture wattage.						
45W–65W	Area Lighting Wattage _____	\$26.25/fixture	\$35/fixture			
66W–89W		\$26.25/fixture	\$35/fixture			
90W–119W		\$30/fixture	\$40/fixture			
120W–140W		\$37.50/fixture	\$50/fixture			
141W–199W		\$45/fixture	\$60/fixture			
200W–550W		\$67.50/fixture	\$90/fixture			
<b>LED canopy fixtures</b> Rebates are available for new LED canopy fixtures that are rated for exterior use. Non-DLC products must meet the DLC product eligibility category definition, "Fuel Pump Canopy Luminaires." Equipment must be hard-wired and is not limited to gas stations installations. Downlight fixtures do not qualify. Rebates are based on total new fixture wattage.						
25W–60W	LED canopy wattage per fixture _____	\$15/fixture	\$20/fixture			
61W–150W	LED canopy wattage per fixture _____	\$18.75/fixture	\$25/fixture			
<b>LED parking garage fixtures</b> Rebates are available for new LED parking garage fixtures that are rated for exterior use. Non-DLC products must meet the DLC product eligibility category definition, "Parking Garage Luminaires." Eligible parking garage structures need to be either underground or semi-enclosed above ground. The lighting within the garage must operate 24 hours a day. Rebates are based on total new fixture wattage.						
25W–60W	LED parking wattage per fixture _____	\$18.75/fixture	\$25/fixture			
61W–83W		\$26.25/door	\$35/fixture			
<b>LED street lighting fixtures</b> Rebates are available for new LED street lighting fixtures. Non-DLC products must meet the DLC product eligibility category definition, "Outdoor Pole/Arm-Mounted Area and Roadway Luminaire" or "Outdoor Pole/Arm-Mounted Decorative Luminaire." Customers must be on an A34 Street Light Rate to qualify for LED street lighting rebate. Rebates are based on total new fixture wattage.						
30W–44W	Street Lighting Wattage _____	\$11.25/fixture	\$15/fixture			
45W–54W		\$18.75/fixture	\$25/fixture			
55W–79W		\$18.75/fixture	\$25/fixture			
80W–109W		\$18.75/fixture	\$25/fixture			
110W–139W		\$30/fixture	\$40/fixture			
140W–209W		\$37.50/fixture	\$50/fixture			
<b>LED wall pack fixtures – Exterior and parking garage installations</b> Rebates are available for new LED Wall Pack fixtures that are rated for exterior use. Non-DLC products must meet the DLC product eligibility category definition, "Outdoor Wall-Mounted Area Luminaires." Rebates are based on total new fixture wattage. Wall packs installed in parking garages must operate 24 hours a day.						
Building exterior	10W–25W	LED wall pack wattage per fixture _____	\$11.25/fixture	\$15/fixture		
	26W–60W		\$22.50/fixture	\$30/fixture		
	61W–150W		\$37.50/fixture	\$50/fixture		
Parking garage	10W–25W		\$11.25/fixture	\$15/fixture		
	26W–60W		\$22.50/fixture	\$30/fixture		
	61W–150W		\$37.50/fixture	\$50/fixture		

**Subtotal for LED rebates**

\*To qualify for a rebate, LED products must either be found on or comparable to the DesignLights Consortium's (DLC) Qualified Product and/or ENERGY STAR lists. The DLC QPL is available at [designlights.org/QPL](http://designlights.org/QPL). The DLC establishes specifications for high-efficiency, high-quality commercial lighting solutions and maintains listings of qualified products.

## How to apply

### 1. Rebate application

Complete the rebate application. All information needs to be supplied before a rebate check can be issued.

### 2. Itemized invoice

Include detailed installation invoice that includes:

- Invoice number and date
- Customer premises number or installation address
- Manufacturer names and model numbers for installed equipment
- Equipment quantities
- Equipment cost per unit
- Labor cost listed separately from equipment costs. If equipment was self installed, please include a labor cost based on the install time and rate of pay of the installer. Please reference example A for further clarification.

### 3. Specifications (if applicable)

Xcel Energy offers a tiered rebate level for products that are either ENERGY STAR or DesignLights Consortium (DLC) Qualified Product Lists (QPL) qualified and products that are comparable but not DLC or ENERGY STAR listed. Because LED products have become more prevalent and the overall quality has improved, Xcel Energy has added prescriptive rebates for LED lighting fixtures and lamps that are not DLC or ENERGY STAR qualified. The rebate amounts for these products will be equal to 75% of the rebate amount that we offer for comparable LED products that are DLC- or ENERGY STAR qualified. You must include a screenshot of the product's listing on the applicable website showing details.

### ENERGY STAR and DesignLights Consortium qualified product lists

For the technical requirements listed on the DLC QPL, please visit this website: [designlights.org](http://designlights.org). Visit [energystar.gov/Products](http://energystar.gov/Products) to search for qualified commercial products.

### 4. Submittal

Please email forms to: [energyefficiency@xcelenergy.com](mailto:energyefficiency@xcelenergy.com) (preferred), or fax to 800-311-0050, or mail to: Xcel Energy, Energy Efficiency Specialists, P.O. Box 8, Eau Claire, WI 54702.

## Rules and requirements

Xcel Energy provides energy efficient rebates for the purchase and installation of new, qualifying lighting equipment in a new building, new addition to an existing building, or major renovation of an existing building (where a completely new lighting layout has been created with no one-for-one replacements). Rebates are based on total new fixture wattage. Additional lighting rebates, not listed on this application, may be available through our Custom Efficiency program which requires application submittal before equipment order, purchase, or installation. Visit [xcelenergy.com/CustomEfficiency](http://xcelenergy.com/CustomEfficiency) to learn more. Please contact an Xcel Energy representative or the Business Solutions Center at 855-839-8862 for Custom Lighting project review prior to beginning the project.

### Customer qualifications

This program applies to customers with a valid Xcel Energy commercial account in our Minnesota electric service territory. Check [xcelenergy.com/LightingEfficiency](http://xcelenergy.com/LightingEfficiency) to verify eligibility. Residential customers—please contact Xcel Energy at 800-895-4999 to learn about residential energy efficiency programs.

### Eligibility requirements

- Rebate items must be installed on the Xcel Energy electric account listed on the application.
- All equipment must be new; used or rebuilt equipment is not eligible for a rebate.
- Equipment must meet specification requirements and be purchased and operating prior to submitting an application for a rebate.
- Rebates cannot exceed 60 percent of the project cost (including equipment and labor). The minimum rebate is \$5.
- A signed application and detailed installation invoice(s) must be submitted to Xcel Energy **within 24 months of the invoice date effective September 1, 2018**. Invoice(s) submitted must include itemized quantity, price, manufacturer's make and model numbers, and product codes for each material item and original equipment manufacturer (OEM) specification sheets. Please contact an account manager or call our Business Solutions Center for additional date restriction details.
- Xcel Energy is not responsible for any lost, late, stolen, ineligible, illegible, misdirected or postage-due mail. All completed submissions become the property of Xcel Energy and will not be returned. Warning: Fraudulent submission of forms may result in federal prosecution for mail fraud under 18 USC section 1341, 1342.
- Once completed paperwork is submitted, incentive payments are usually made in six to eight weeks. Xcel Energy will issue rebates in the form of checks, not utility bill credits.
- Equipment must meet the technical requirements listed in this application form. Qualifying LED lighting technology will be eligible if the wattage falls within +/- 10 percent of the lowest and highest wattage level for the rebated product. Xcel Energy reserves the right to withhold payment for products that do not meet the requirements.
- Xcel Energy reserves the right to inspect customer facility(ies) for installation of materials listed on this rebate application and will need access to survey the installed project. If the inspection finds that the project does not comply with program rules and standards, any rebate you have received must be returned to Xcel Energy.
- Xcel Energy's conservation rebate programs are subject to 60 days notice of cancellation. The customer and contractor are responsible for checking with the Business Solutions Center at 855-839-8862 to ask whether or not the program is still in effect and to verify program parameters.
- Xcel Energy reserves the right to publicize participation in this program, unless specifically requested otherwise.
- Xcel Energy reserves the right to refuse payment and participation if the customer or contractor violates program rules and procedures. Xcel Energy is not liable for rebates promised to customers as a result of a contractor misrepresenting the program.
- Xcel Energy recommends Illuminating Engineering Society (IES) light levels.
- Purchases made from a participating retail location do not qualify for a Lighting Efficiency Rebate. Find a list of participating retailers at [xcelenergy.com/BulbFinder](http://xcelenergy.com/BulbFinder).

**Warranty information**

**Xcel Energy:**

- a. Does not endorse any particular manufacturer, product or system design by offering these rebates;
- b. Will not be responsible for any tax liability imposed on the customer as a result of the payment of rebates;
- c. Does not expressly or implicitly warrant the performance of installed equipment (contact your contractor for detailed equipment warranties);
- d. Is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
- e. Is not liable for any damage caused by the operation or malfunction of the installed equipment; and
- f. Does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program.
