Terms and conditions

- Rebate is available to Xcel Energy business customers in Colorado and Minnesota.
- Rebate is only available if Xcel Energy has preapproved the study application prior to completing the study and has approved final study.
- Rebate will not be paid until after the engineering firm presents the study to customer.
- Study must have been performed according to the Study workscope section of the study preapproval application.
- Xcel Energy makes no warranties regarding the study. All such warranties are between the engineering firm and the customer. Rebate qualification does not imply any representation or warranty of the study by Xcel Energy.
- Rebate must be applied for within three (3) months of study presentation.
- Xcel Energy reserves the right to accept or reject any application, study or portion thereof.
- Actual rebate amounts subject to review by Xcel Energy.
- Xcel Energy’s conservation rebate programs are subject to 60 days’ notice of cancellation. The customer is responsible for checking with the Business Solutions Center at 855.839.8862 to ask whether or not the program is still in effect and to verify program parameters.
- Xcel Energy reserves the right to conduct inspections of installation and/or make a reasonable number of follow-up visits to customers’ facility to verify savings estimates and/or measure implementation.
- Customers must submit documentation to Xcel Energy when opportunities have been implemented.
- Xcel Energy reserves the right to limit future study rebates if customer fails to turn in completed paperwork after the opportunity has been completed.
