

# FOODSERVICE EQUIPMENT

SAVE MONEY AND BOOST THE PERFORMANCE OF YOUR KITCHEN

INFORMATION SHEET  
MINNESOTA

If you are planning to purchase new foodservice equipment for your facility, now is the time! We have rebates available on qualified high-efficiency foodservice equipment to help you save money and energy in your commercial kitchen. Our gas and electric equipment rebates help you save in two ways. First, they can offset the initial cost of qualifying foodservice equipment upgrades. And second, you'll enjoy the energy savings and lower operating costs over the long term with new high-efficiency equipment.

## Earn rebates and save with energy efficiency equipment

Take advantage of our money-saving rebates on foodservice equipment.

## REBATE AMOUNTS

### Gas equipment

rebates range from **\$125 – \$1,000**

### Electric equipment

rebates range from **\$100 – \$400**

| GAS REBATES                              |   |                                 |
|--|---|---------------------------------|
| Gas equipment                            | Requirements  | Rebate offered                  |
