

**NOTICE OF REVISION IN THE COLORADO P.U.C. NO. 8-ELECTRIC TARIFF
OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202-5533**

You are hereby notified that Public Service Company of Colorado (“Public Service” or “Company”) has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in compliance with the Public Utilities Law, an advice letter for permission to revise the Energy Only Street Lighting Service tariff (“ESL Tariff”) and the Electric Service Rules and Regulations Applicable to Street Lighting Service in the Company’s Colorado P.U.C. No. 8 – Electric tariff (“Electric Tariff” or “Tariff”), effective November 22, 2018, if said advice letter is approved by the Commission.

The Company is proposing to broaden the availability of Energy Only Street Lighting Service to allow the Company to provide operations and maintenance (“O&M”) services for a limited duration to customer-owned street lighting facilities on Company-owned distribution poles in the event of a voluntary sale by the Company. Specifically, the Company is proposing additional language to the Availability provision of the ESL Tariff to clarify that it applies to street lighting facilities sold by the Company to the eligible customers. The current language of the ESL Tariff is not sufficiently clear.

Additionally, the Company is proposing to modify the Character of Service provision of the Electric Service Rules and Regulations Applicable to Street Lighting Service to require that street lighting facilities sold to an eligible customer by the Company that are attached to Company-owned distribution poles are to be maintained, replaced, and removed by the Company, unless the Company specifically authorizes otherwise. Currently, the Company is not permitted to provide O&M service under the ESL Tariff.

Finally, the Company is proposing to modify the Maintenance Charges for Street Lighting Service provision of the Electric Service Rules and Regulations Applicable to Street Lighting Service to allow the Company to provide O&M services under the ESL Tariff. The additional language in this section of the Tariff also sets forth the rights and obligations of the parties with respect to maintenance of street lighting facilities attached to Company-owned distribution poles and the associated billing procedures.

In accordance with *4 Code Of Colorado Regulations (“CCR”) 723-4-3002(d)*, copies of the current and proposed tariffs summarized above and as filed with the Commission, are available for examination and explanation at Public Service’s main office, 1800 Larimer Street, Suite 1400, Denver, Colorado 80202-5533, or at the Commission’s office, 1560 Broadway, Suite 250, Denver, Colorado, 80202-5143.
