

**➤ Summary of 60-Day Notice: Home Lighting & Recycling**

Public Service Company of Colorado (“the Company”) posts this 60-Day Notice to make changes to the Home Lighting & Recycling product in response to the 2018 Comprehensive Evaluation.

The evaluation provided key findings in the areas of lighting industry changes, program attribution (net-to-gross) and underserved markets. The Company will implement the following recommendations in 2019:

- Update the net-to-gross for the program to 61%;
- Continue to monitor legislative actions for direction on EISA;
- Reassess the net-to-gross value when the fate of EISA backstop implementation becomes clear;
- Continue to plan for decreasing net-to-gross as options for inefficient bulbs diminish; and
- Continue to use a variety of methods to target hard-to-reach populations.

**Table 1: Summary of Forecasted Notice Impacts: Home Lighting and Recycling**

	As Filed	Revised per Evaluation 60-day
Electric Savings (Net Gen kWh)	112,445,526	77,713,535
Electric Demand Reduction (Net Gen kW)	10,925	7,551
Budget (\$)	\$7,925,427	\$7,925,427
MTRC Test Ratio	1.82	1.65

Detailed responses to each of the Comprehensive Evaluation recommendations can be found in the matrix included with the report.

Included with this Notice are the following documents:

- Revised Home Lighting and Recycling Deemed Savings Technical Assumptions; and
- Revised Home Lighting and Recycling Electric Forecast Summary.
