THE COMMISSION'S E-FILING SYSTEM**

---

Public Service Company of Colorado ("Public Service" or the "Company"), by its undersigned counsel, pursuant to Rule 1211 of the Colorado Public Utilities Commission's ("Commission") Rules of Practice and Procedure, 4 Code of Colorado Regulations 723-1-1211, files this statement of technical difficulty experienced with the Commission's E-Filing system on May 27, 2016, with regard to its Electric Resource Plan ("ERP") filed in accordance with Commission Decision No. C16-0127 in Proceeding No. 15V-0473E. By the filing of this Statement of Technical Difficulty, the Company hereby gives notice that, pursuant to Rule 1211(d), the filing of these documents shall automatically be deemed accepted by the Commission nunc pro tunc as of May 27, 2016. In compliance with Rule 1211(d), the Company provides the following information:

1. As required by Decision No. C16-0127, on May 27, 2016 the Company attempted to e-file ERP in Proceeding No. 16A-0396E. A Company employee logged into the Commission's e-filing system at approximately 2:00 p.m. to file the ERP required by Commission Decision No. C16-0127. Several attempts were made to

upload the document(s), but the e-filing system was not available for electronic filing. The Company hand delivered three paper copies of the ERP Application, which were accepted by the Commission initiating Proceeding No. 16A-0396E, however we were not able to e-file the remaining supporting documents.

2. The above listed proceeding is the only one affected by this technical error. The ERP (including all supporting testimonies and attachments and related pleadings) filed in accordance with Commission Decision No. C16-0127 in the above listed proceeding is the only electronic filing affected by this technical error. The Rule 1211(d)(1)(E) verification is attached to this this Notice.

3. Public Service requests that the Notice of Intent filing be accepted nunc pro tunc to May 27, 2016, the date we first attempted to file the notice electronically.

Dated this 31st day of May, 2016.

Respectfully submitted,

By: /s/ William M. Dudley
