 FB Minnesota  
Jun 21, 2014  
Xcel Energy crews have been working to restore power to every possible customer in Blakeley, Minnesota township after record rainfall triggered flooding and mudslides that knocked down power lines on Thursday night. Currently 33 customers in the Blakeley area remain without power. Xcel Energy crews have been unable to access the area to assess damage because local emergency managers have restricted travel in the area due to unsafe road conditions. We are working with officials to try to get escorted, ATV access into town today to try to assess the damage, but we cannot give an estimate of when the power will be restored until this occurs. As a reminder, please stay away from any downed power lines or blown electric transformers, especially if they are near water. To report an electric emergency please call 1-800-895-1999.

Date: Jun 21, 2014 04:10 PM

Jun 22, 2014

Local emergency managers are evaluating the situation in Blakeley Township, but continue to restrict all travel on the roads leading into town. Blakeley Township continues to be in a state of evacuation as Emergency Personnel officials have requested that Blakeley, Minnesota remain without power due to ongoing dangerous conditions existing in and around town. Our crews are continuing to work with them to determine when we can gain access to restore service in this area. We expect to know more by Monday evening.
