

Multifamily Buildings Efficiency Program

Trade Partner Directory

The Xcel Energy Multifamily Buildings Efficiency Program conducts training and outreach to contractors who can assist you in completing equipment upgrades recommended at the time of your on-site assessment. Please work with your assigned energy advisor and forward your assessment report to one or more of the following trade partners to obtain project bids specific to your facility.

Please note: This list does not constitute an endorsement of these providers, nor does it certify or guarantee their work. Multifamily Building trade partners are not employees or agents of Xcel Energy. All rebate eligible projects are subject to the program rules and requirements identified on the program rebate application. Trade partners listed have been educated on program processes and offerings but have not been vetted based on any insurance requirements.
