XCEL ENERGY SOUTH DAKOTA

Residential Electric Prices
(Effective July 1, 2015)
Underground service prices
Where electric service is provided underground, Residential Underground prices apply.

Basic service charge .............................................$10.25

Optional services
You may sign up for any one of the optional electric services shown. Please call us at 800.895.4999 for more information and to help determine which service and rate are best for your electric needs.

Minimum charge
Your monthly minimum bill will always include the Basic Service Charge or any applicable Customer Charge even if energy use for the month is zero.

Fuel Cost Charge (FCC)
The Fuel Cost Charge recovers the cost of fuel used to produce electricity and energy purchased on the wholesale electricity market. This charge differs slightly by customer class based on class energy use patterns and is updated monthly for current costs.

Other riders
Bills are subject to the adjustments provided for in the Transmission Cost Recovery Rider, the Environmental Cost Recovery Rider, the Demand Side Management Cost Adjustment Factor and the Infrastructure Rider.

City fees
Xcel Energy collects fees for the communities of Fedora and Forestburg by including a surcharge on customer bills in these communities to cover part of the cost of providing street lighting.

Sales tax
State sales tax applies to charges for utility service, Fuel Clause Adjustment and city fees. The following cities charge a city sales tax: Alexandria, Artesian, Baltic, Brandon, Bridgewater, Canistota, Canova, Canton, Carthage, Centerville, Chancellor, Crooks, Dell Rapids, Emery, Garretson, Harrisburg, Lennox, Marion, Monroe, Ramona, Salem, Sherman, Sioux Falls, Tea and Worthing.
Service processing, reconnection and relock charges

• $12 charge for processing service changes
• $35 reconnection charge to resume service after disconnection
• $100 relock charge to resume service after unauthorized reconnection

Late payment charge
Past due amounts are subject to a late payment charge of 1 percent of the unpaid portion and this is applied to the next month’s bill.

Returned check charge
Xcel Energy charges $15 for any payments by check or draft dishonored or returned by a financial institution.

Other information
This brochure does not include all prices, rules or regulations. Complete rate schedules and terms and conditions for these and other optional rate services are available by calling us at 800.895.4999.

Monitor your account and manage your bills—online
The My Account site offers you many options to view and pay your energy bill. It’s also a single stop for your energy management needs. Best of all, it’s accessible anytime, anywhere from any device. Visit xcelenergy.com/MyAccount and register.
Welcome To Xcel Energy

We’re your energy partner and want to help you understand more about the electric services we offer and the rates you see on your energy bill. We know energy rates can be complicated so we developed this brochure to simplify information and explain your service options. Please call us at 800.895.4999 for current prices or bill information. A description of terms is located on the back of your bill or visit our website at xcelenergy.com, select South Dakota from drop-down menu at right of page, then “Billing & Payment” and “Understanding Your Bill.”

Residential electric services and rates

The electricity you use is measured in kilowatt-hours (kWh), recorded by your electric meter and shown on your bill each month under Meter Reading Information. Your kWh use, kWh charge and other charges relating to your electric service appear on your bill under Electric Charges.

Standard residential service is available to any customer for domestic purposes living in a single private residence, multiplex, townhouse, condominium, etc. Your monthly bill will show:

Basic service charge ..............................................$8.25

This fixed charge covers the costs of metering, billing, customer service, and other costs that do not vary with the amount of electricity you use.

Energy charge per kWh:

June through September
All kWh..................................................$0.09071

October through May
First 1000 kWh.................................$0.07503

More than 1000 kWh
   Without electric space heating ........$0.07235
   With electric space heating ............$0.04803
Optional Service

Time of day electric service
On this optional service, the energy price is higher during on-peak times when electricity is more expensive to generate and lower during off-peak times when it is less expensive to generate.
A minimum of 12 consecutive months is required for participation.

Residential heat pump service
This optional service is available to standard service customers with permanently connected and separately metered air or ground source heat pumps that are under Xcel Energy control.
A minimum of 12 consecutive months is required for participation.

Controlled air conditioning service (Saver's Switch®)
This optional service is available to customers with central air conditioning that is under Xcel Energy’s control. Participating customer may also add the controlled electric water heating option.
Minimum term is 12 months.

Energy-controlled service (non-demand metered)
This optional service is available to Xcel Energy customers with permanently connected, separately served interruptible electric heating loads up to 50 kW that are under Xcel Energy’s control.
A minimum of 12 consecutive months is required for participation.

Limited off peak service
This optional service is available to Xcel Energy customers for energy use only from 10 p.m. to 6:30 a.m. daily.
Minimum term is 12 months.
